Mr. Cass R. Sunstein
Administrator
ATTN: John Kraemer and Joshua Brammer, Desk Officers
The Office of Information and Regulatory Affairs
The Office of Management and Budget
725 17th Street, NW
Washington, DC 20503

Dear Mr. Sunstein:

The Department of Veterans Affairs (VA) submits the enclosed report on VA's Plan for Periodic Review of Existing Regulations, in response to Executive Order 13563, "Improving Regulation and Regulatory Review," and to the periodic reporting requirements set forth in Office of Management and Budget (OMB) Memorandum, "Implementation of Retrospective Review Plans," dated October 26, 2011. VA's report follows OMB's suggested template for agency retrospective review plan reports.

VA's mission is to administer benefit programs, provide health care, and perform mortuary services for America's Veterans. Consequently, in complying with this executive order and reporting requirements, VA's focus has been on sustaining an ongoing method for identifying, updating, or simplifying significant rules that are obsolete, outdated, confusing, or that place unnecessary burdens on Veterans or their beneficiaries. VA has engaged in several major regulation rewrite projects in the past to accomplish these goals and we will continue to do so in the future.

The Office of Regulation Policy and Management in VA's Office of General Counsel completed this action for the Department. If you have any questions please contact Robert McFetridge, Director for Regulation Policy and Management, who may be reached at (202) 461-4932.

Sincerely,

John R. Gingrich
Chief of Staff
