It's wrong for a Publically Funded study to be controlled for any reason. It's dishonest!!!!

It's wrong for a Publically Funded study to be controlled by any

publishing or private company for any reason, for any fee or profit. It's dishonest!!!

Anyone who voted for this shameful bill should be exposed, fined, and booted OUT of congress.

People whose purpose is self profit with public funds is an "embarrassment " to honest hardworking people.
