

## Appendix H: Business Reference Model Taxonomy with Definitions

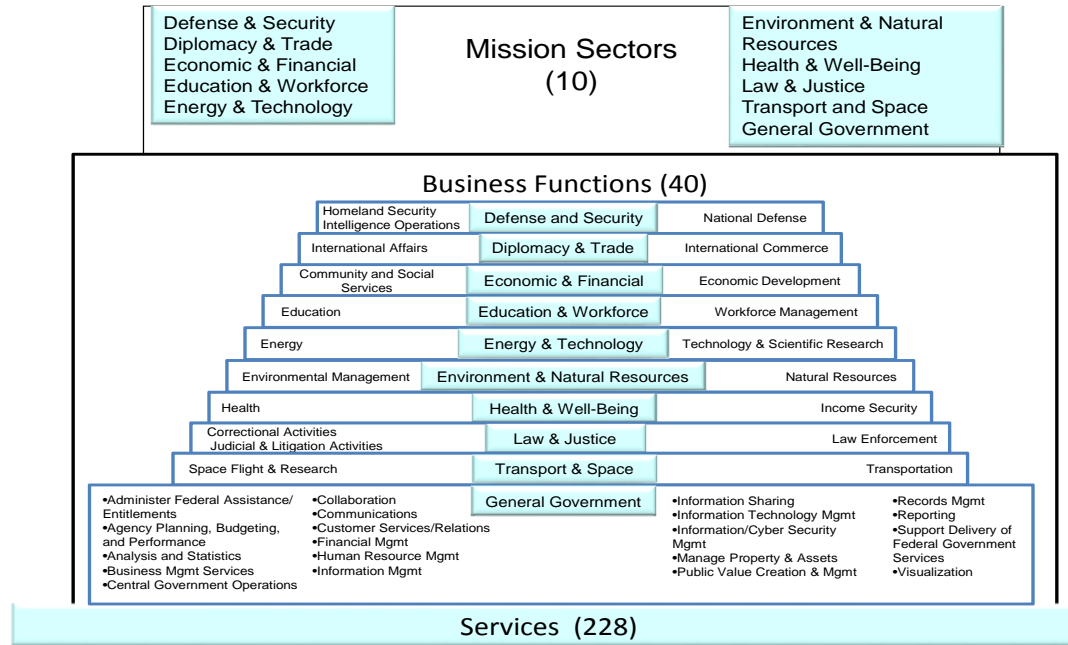

The BRM taxonomy is structured as a three-layer hierarchy representing Executive Branch Mission Sectors, Business Functions and Services.

**Mission Sector** – Identifies the ten business areas of the Federal Government in the *Common Approach to EA*

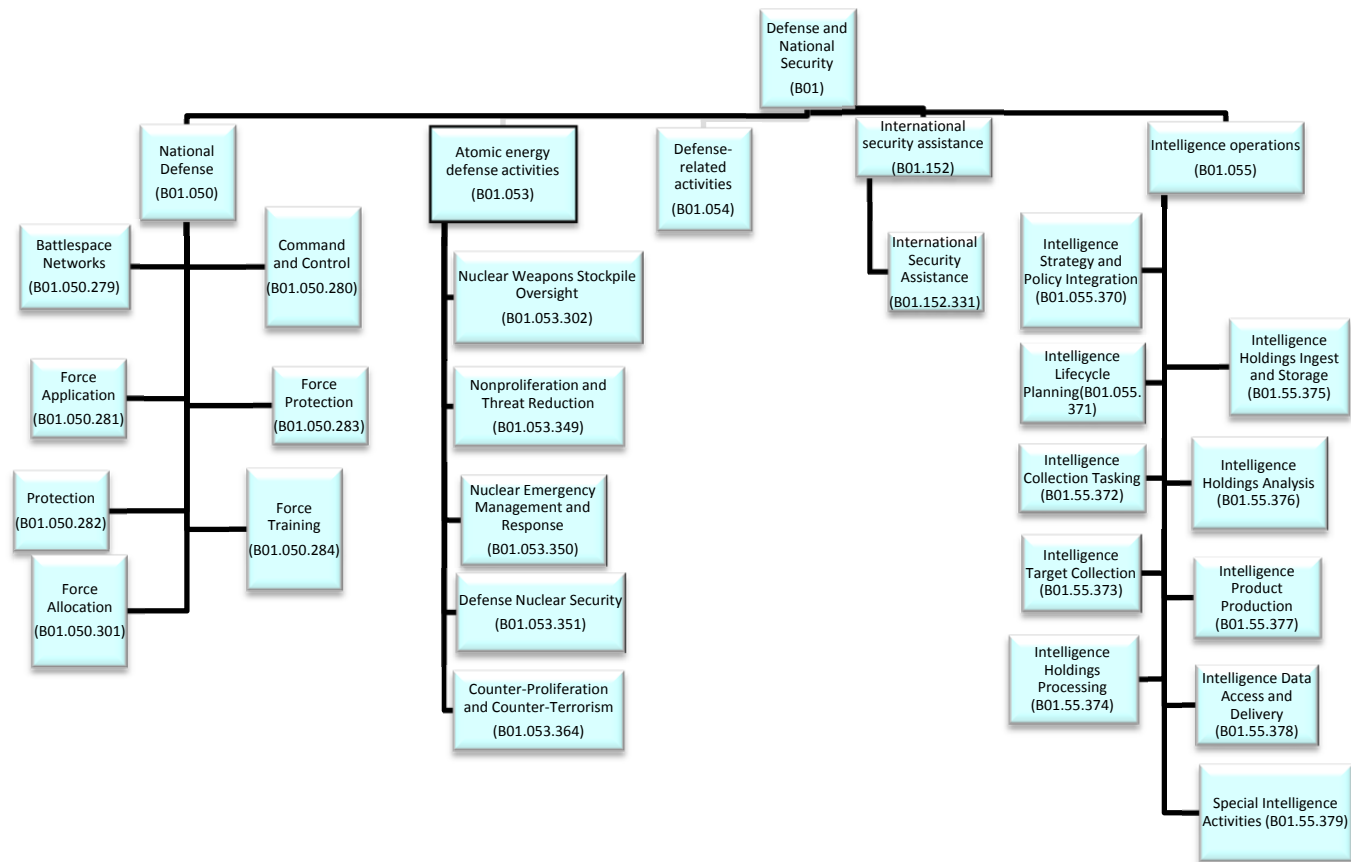

**Business Function** – Describes what the Federal government does at an aggregated level, leveraging the budget function classification codes provided in OMB Circular A-11

**Service** – Further describes what the Federal government does at a secondary or component level

### Business Reference Model

In the sections below, each BRM Domain is shown as a tree diagram, followed by definitions of the taxonomy elements in the corresponding tree.

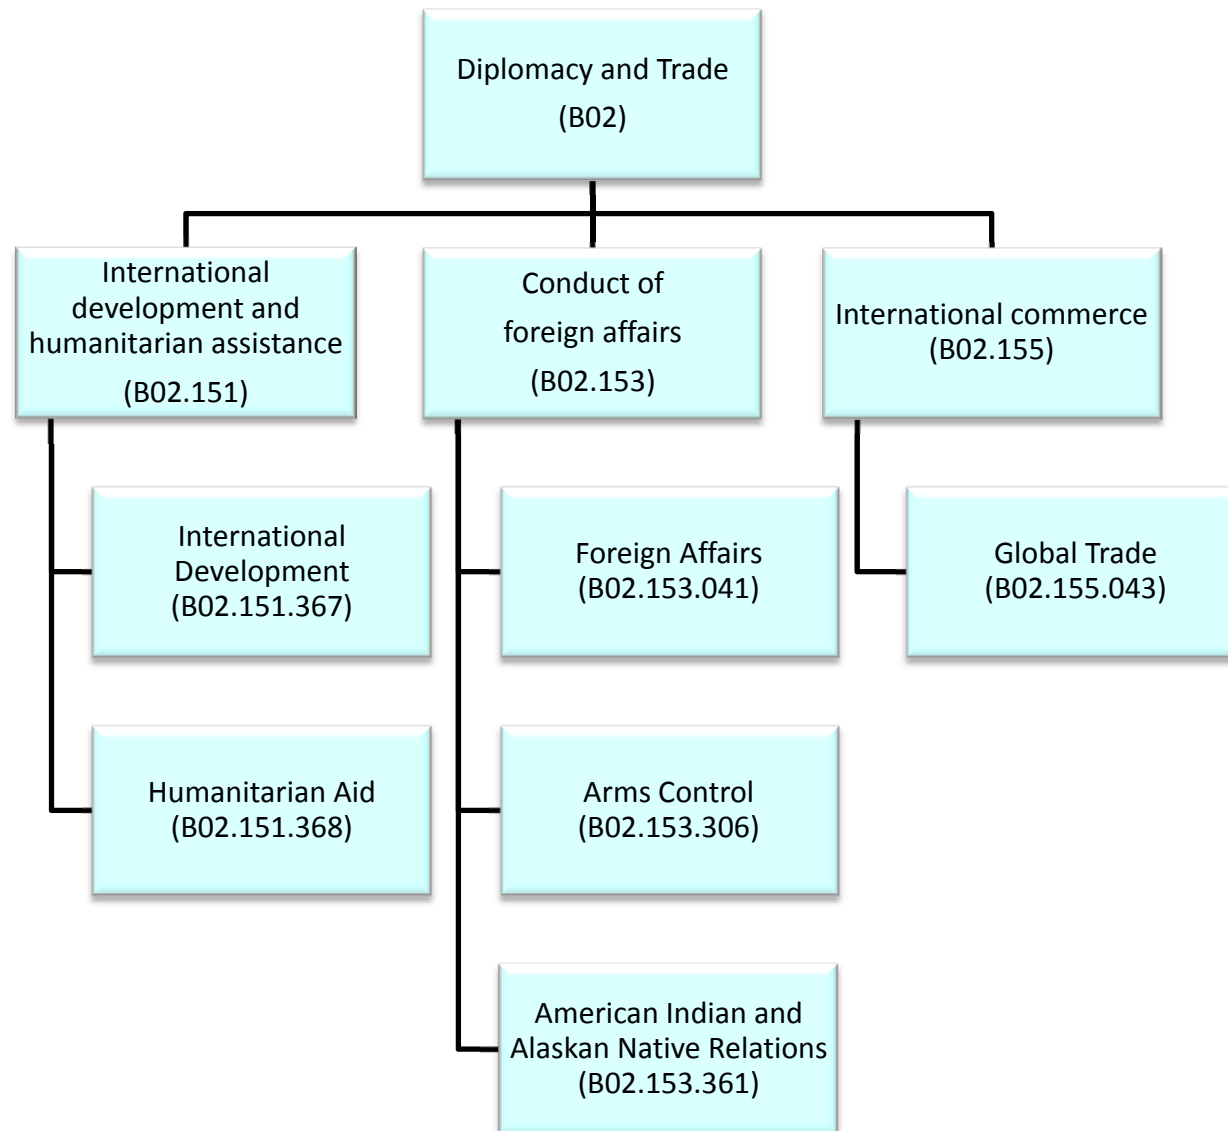

<b>Defense and National Security (B01)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B01.050</b>	Defense and National Security	National Defense		Common defense and security of the United States. It encompasses the raising, equipping, and maintaining of armed forces (including civilian support activities), development and utilization of weapons systems (including nuclear weapons), and related programs; direct compensation and benefits paid to active military and civilian personnel and contributions to their retirement, health, and life insurance funds; defense research, development, testing, and evaluation; and procurement, construction, stockpiling, and other activities undertaken to directly foster national security.
<b>B01.050.279</b>	Defense and National Security	National Defense	Battlespace Networks	Battlespace Networks includes activities that extend “commercial like” IT Infrastructure to meet the connectivity and interoperability needs of deployed and mobile warfighting capabilities. This function focuses on information transport; and computing and enterprise services capabilities for the tactical edge users. It includes tactical edge networks and gateways to enable end-to-end connectivity between battlespace networks and IT infrastructure capabilities.
<b>B01.050.280</b>	Defense and National Security	National Defense	Command and Control	Command and Control includes activities that facilitate the exercise of authority and direction by a properly designated commander or decision maker over assigned and attached forces and resources in the accomplishment of the mission. It includes activities to align or synchronize interdependent and disparate entities to achieve unity of effort, understand information about the environment and situation to aid in decision making, establish a framework and select a course of action to employ resources to achieve a desired outcome/effect; and observe and assess events/effects of a decision.

<b>B01.050.281</b>	Defense and National Security	National Defense	Force Application	Force Application includes activities to integrate the use of maneuver and engagement in all environments, to create the effects necessary for achieving DoD mission objectives. Maneuver is the ability to move to a position of advantage in all environments in order to generate or enable the generation of effects in all domain and the information environment. Engagement is the ability to use kinetic and non-kinetic means in all environments to generate the desired lethal and/or non-lethal effects from all domains and the information environment.
<b>B01.050.283</b>	Defense and National Security	National Defense	Force Protection	Refers to activities to prevent and/or mitigate adverse effects of attacks on personnel (combatant or non-combatant) and physical assets of the United States, its allies and friends. This encompasses, but is not limited to: air and missile defense operations, strategic nuclear deterrent and prevention of non-kinetic attacks; mitigation of chemical, biological, radiological, nuclear, electromagnetic pulse and other lethal/non-lethal effects; and military support to civil defense activities.
<b>B01.050.282</b>	Defense and National Security	National Defense	Protection	Protection involves Citizen Protection, Leadership Protection and Property Protection; it involves all activities performed to protect the general population of the United States, president, vice-president, their families, foreign leaders and dignitaries, and other high-level government officials from criminal activity and entails all activities performed to ensure the security of civilian and government property as well as foreign diplomatic missions.
<b>B01.050.284</b>	Defense and National Security	National Defense	Force Training	Force Training includes activities to develop, enhance, adapt and sustain the capacity to perform specific functions and tasks, during and in preparation for wartime and conflicts, in order to improve the individual or collective performance of personnel, units, forces, and staffs. These activities include, but are not limited to, unit force training; and training in operating weapon systems. This does not include general professional development or training.
<b>B01.050.301</b>	Defense and National Security	National Defense	Force Allocation	Force Allocation includes Application and Management; activities to integrate the use of maneuver and engagement in all environments, to create the effects necessary for achieving mission objectives and activities to integrate new and existing human and technical assets from across the Total Force and its mission partners, during and in preparation for wartime and conflicts, to make the right capabilities available at the right time/place to support national security.

<b>B01.053</b>	Defense and National Security	Atomic energy defense activities		Programs devoted to national defense, such as naval ship reactors and nuclear weapons.
<b>B01.053.302</b>	Defense and National Security	Atomic energy defense activities	Nuclear Weapons Stockpile Oversight	Nuclear Weapons Stockpile and Oversight includes all processes around the counting, tracking, transferring, securing, and decommissioning of various weapons that contain nuclear materials.
<b>B01.053.349</b>	Defense and National Security	Atomic energy defense activities	Nonproliferation and Threat Reduction	Nonproliferation and Threat Reduction encompasses the activities necessary to limit or prevent the spread of materials, technology, or expertise relating to weapons of mass destruction; advance the technologies to detect the proliferation of weapons of mass destruction worldwide; and eliminate or secure inventories of surplus fissile materials and infrastructure usable for nuclear weapons, while working closely with its federal, international, and regional partners.
<b>B01.053.350</b>	Defense and National Security	Atomic energy defense activities	Nuclear Emergency Management and Response	Nuclear Emergency Management and Response encompasses the Services associated with the planning, management and response to facility emergencies, and nuclear or radiological incidents within the United States or abroad, as well as operational planning and training to counter domestic and international nuclear terrorism.
<b>B01.053.351</b>	Defense and National Security	Atomic energy defense activities	Defense Nuclear Security	Defense Nuclear Security encompasses the services associated with providing engineering, technical, operational, and administrative security support and oversight to assure effective security, to include the physical, personnel, materials control and accounting, classified and sensitive information protection, and technical security for defense nuclear weapon programs.
<b>B01.053.364</b>	Defense and National Security	Atomic energy defense activities	Counter-Proliferation and Counter-Terrorism	Encompasses counter-proliferation, counter-terrorism, and nuclear threat response, domestically and internationally, including nuclear threat identification, nuclear forensics, and the neutralization of improvised nuclear and radiological devices.
<b>B01.054</b>	Defense and National Security	Defense-related activities		Miscellaneous defense activities, such as the expenses connected with selective services and with defense stockpiles outside of the Departments of Defense and Energy.

<b>B01.152.331</b>	Defense and National Security	International security assistance	International Security Assistance	International Security Assistance involves activities taken abroad to protect and advance U.S. interests and, if deterrence fails, decisively defeat threats to those interests.
<b>B01.055.370</b>	Defense and National Security	Intelligence operations	Intelligence Strategy and Policy Integration	Intelligence Strategy and Policy Integration refers the set of capabilities that pertain to analyzing and understanding the wants and needs of the enterprise’s marketplace – its universe of customers and partners – and planning and executing activities to manage and respond to those wants and needs.
<b>B01.055.371</b>	Defense and National Security	Intelligence operations	Intelligence Lifecycle Planning	Intelligence Lifecycle Planning encompass all the facets of transforming Intelligence Information Needs (IIN) into response plans. This includes developing strategies focused on long-term standing intelligence, information, and data requirements, prioritizing requirements, managing requirements, and the execution of tasking to satisfy these requirements. It also includes all facets of pre-mission and postmission assessment.
<b>B01.055.372</b>	Defense and National Security	Intelligence operations	Intelligence Collection Tasking	Intelligence Collection Tasking defines a set of services that are focused on determining the intelligence, information, and data assets required to satisfy needs, and prioritizing and assigning those assets to satisfy intelligence strategy, plans, and/or needs.
<b>B01.055.373</b>	Defense and National Security	Intelligence operations	Intelligence Target Collection	Intelligence Target Collection defines a set of services that are focused on the acquisition and provisioning of multi-int data to processing elements in support of intelligence, information, and data needs.
<b>B01.055.374</b>	Defense and National Security	Intelligence operations	Intelligence Holdings Processing	The Intelligence Holdings Processing defines a set of services that are focused on the manipulation and assessment of tangible and/or non-tangible assets, prior to disposition for storage, of intelligence holdings.
<b>B01.055.375</b>	Defense and National Security	Intelligence operations	Intelligence Holdings Ingest and Storage	Intelligence Holdings Ingest and Storage defines a set of services that are focused on an organization’s ability to identify, acquire, implement storage strategies, extract entities, tag, and incorporate previously collected holdings.

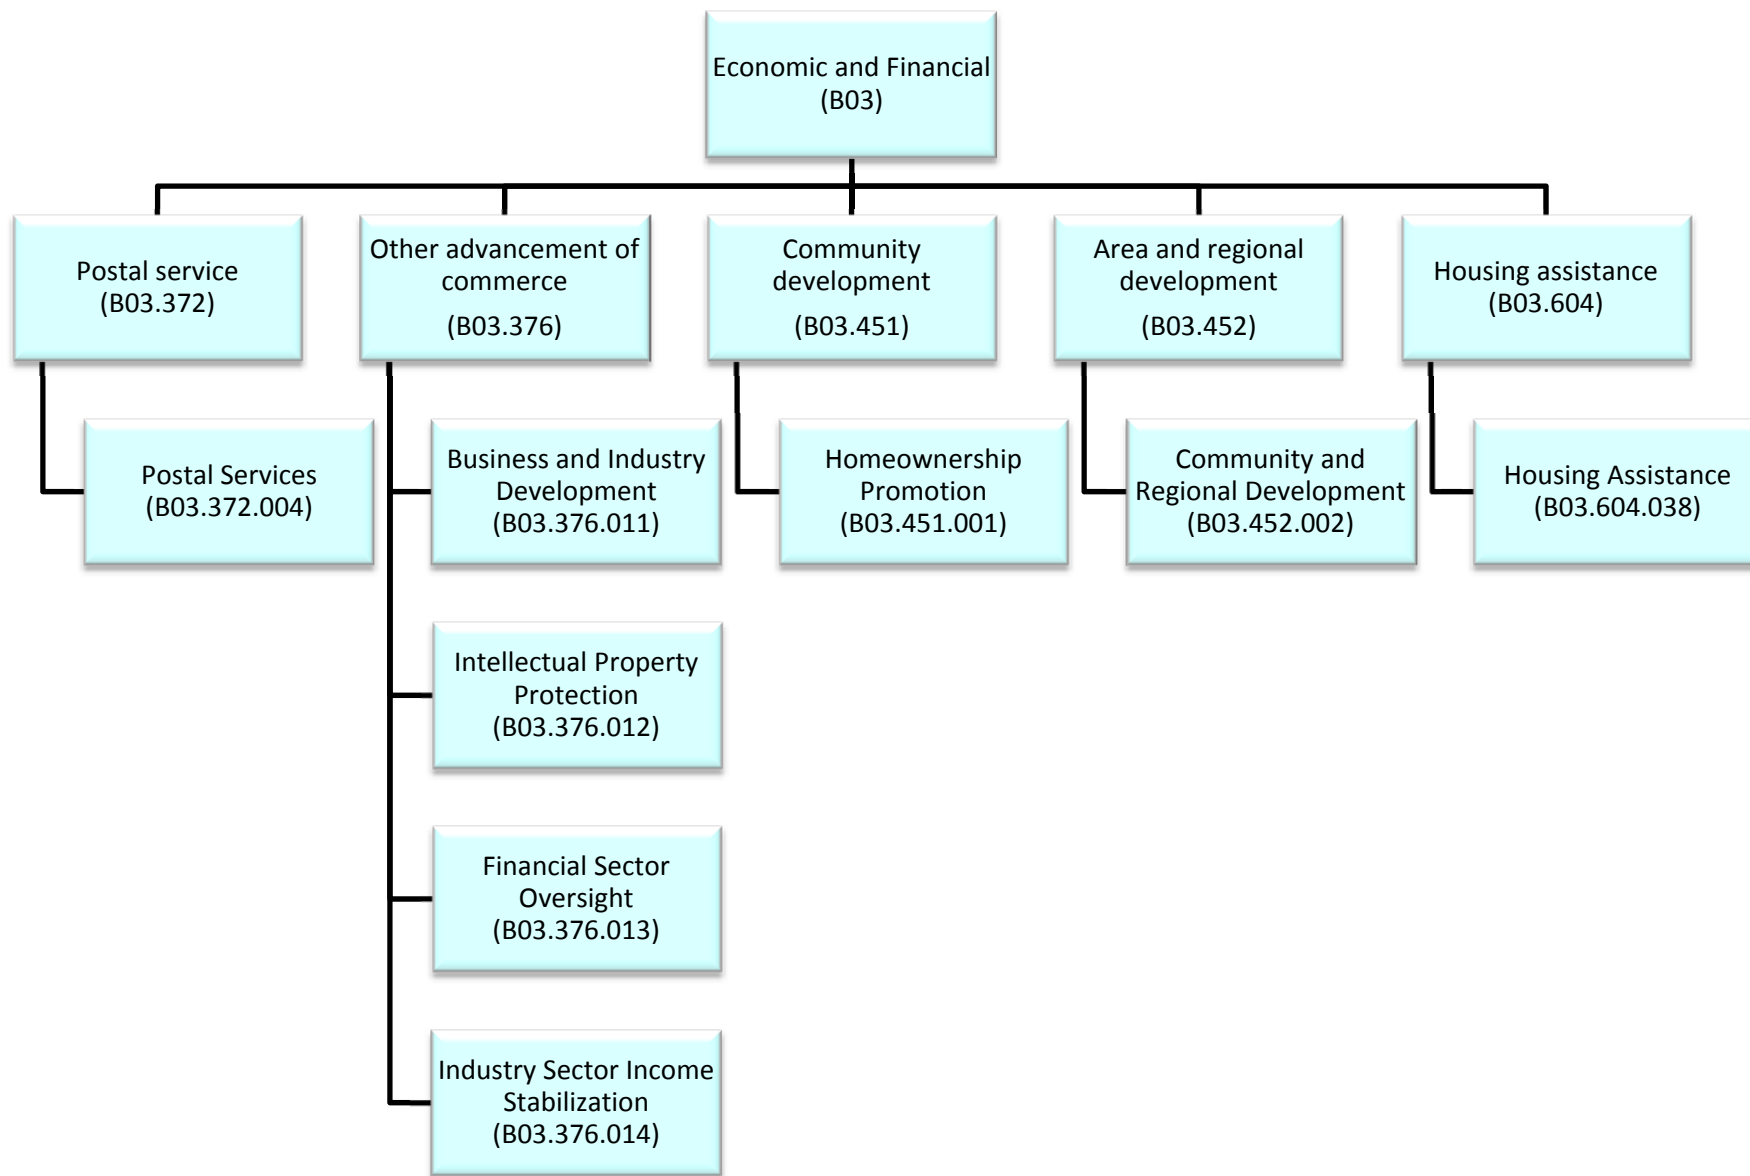

<b>B01.055.376</b>	Defense and National Security	Intelligence operations	Intelligence Holdings Analysis	Intelligence Holdings Analysis defines a set of services associated with operations focused on the review and synthesis of intelligence holdings data and information.
<b>B01.055.377</b>	Defense and National Security	Intelligence operations	Intelligence Product Production	Intelligence Product Production defines a set of services that are focused on the selection, collation, and tailoring of Data, Information, Knowledge, and Intelligence (DIKI) to produce products to satisfy the specific needs of customers and the Community.
<b>B01.055.378</b>	Defense and National Security	Intelligence operations	Intelligence Data Access and Delivery	Intelligence Data Access and Delivery defines a set of services associated with the operations focused on distributing and disseminating data and information to enterprise practitioners, customers, and other external stakeholders.
<b>B01.055.379</b>	Defense and National Security	Intelligence operations	Special Intelligence Activities	Special Intelligence Activities refers a set of services that are focused on activities uniquely conducted by an agency or cooperatively among agencies in support of national interests. It includes but not limited to all planning, collection, processing, analysis, production and dissemination of contrary intelligence.

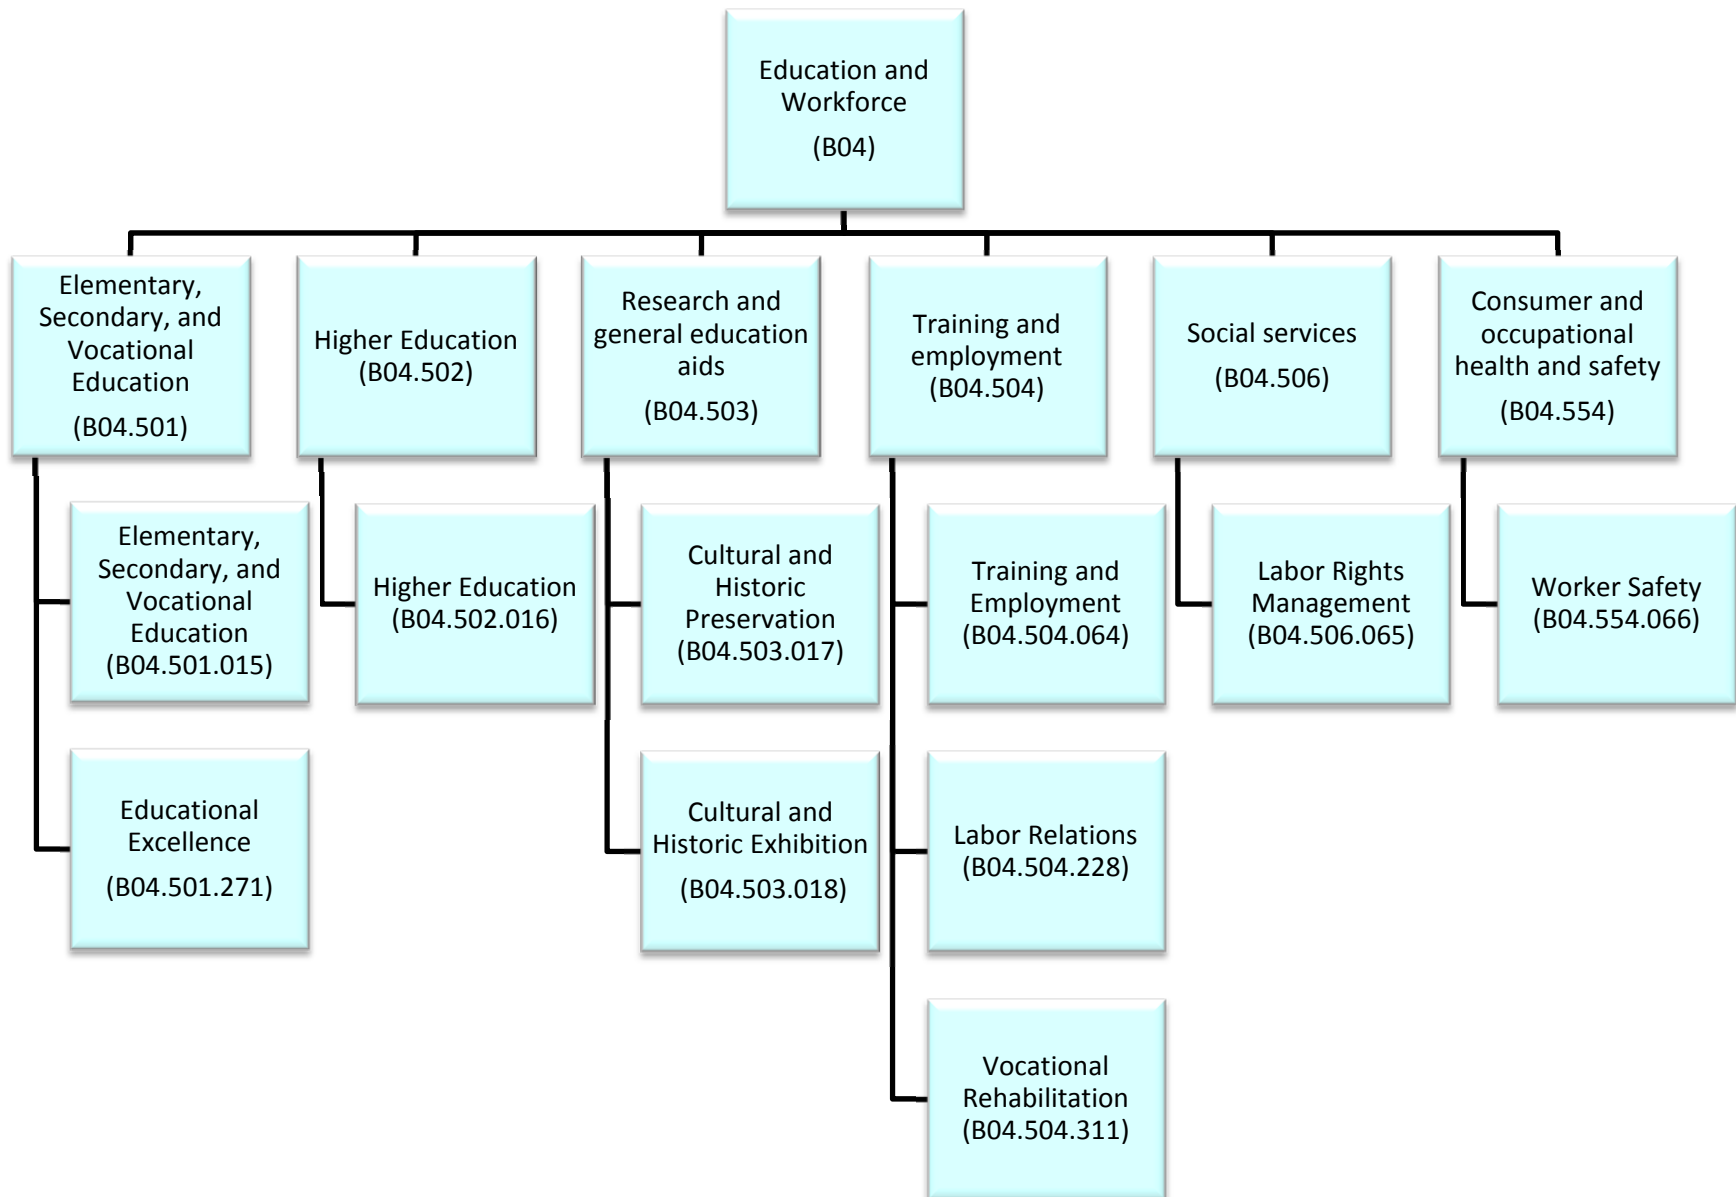

<b>Diplomacy and Trade (B02)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B02.151</b>	Diplomacy and Trade	International development and humanitarian assistance		Humanitarian assistance, development assistance, security support assistance, grants to and investments in international financial and development institutions, and the budgetary costs associated with concessionary agricultural exports.
<b>B02.151.367</b>	Diplomacy and Trade	International development and humanitarian assistance	International Development	International Development refers to those activities related to the implementation of development assistance programs to developing and transitioning countries throughout the world. Development may include technical assistance (the transfer of knowledge and expertise), and the delivery of equipment, commodities.
<b>B02.151.368</b>	Diplomacy and Trade	International development and humanitarian assistance	Humanitarian Aid	Humanitarian Aid refers to those activities related to the implementation of humanitarian assistance programs to developing and transitioning countries throughout the world. Aid may include technical assistance (the transfer of knowledge and expertise), and the delivery of equipment, commodities and urgent humanitarian assistance including food aid.
<b>B02.153</b>	Diplomacy and Trade	Conduct of foreign affairs		Diplomatic and consular operations of the Department of State, assessed contributions to international organizations, and closely related activities in other agencies (such as the Arms Control and Disarmament Agency).
<b>B02.153.041</b>	Diplomacy and Trade	Conduct of foreign affairs	Foreign Affairs	Foreign Affairs refers to those activities associated with the implementation of foreign policy and diplomatic relations, including the operation of embassies, consulates, and other posts; ongoing membership in international organizations; the development of cooperative frameworks to improve relations with other nations; and the development of treaties and agreements.
<b>B02.153.306</b>	Diplomacy and Trade	Conduct of foreign affairs	Arms Control	Arms Control includes all activities for managing both legal and illegal weapons in accordance with State, Federal and international law.

<b>B02.153.361</b>	Diplomacy and Trade	Conduct of foreign affairs	American Indian and Alaskan Native Relations	American Indian and Alaskan Native Relations involves all activities related to working with tribal governments, in tribal trust relationships or supporting tribal nations through treaties and/or other legal agreements.
<b>B02.155.043</b>	Diplomacy and Trade	International commerce	Global Trade	Global Trade refers to those activities the federal government undertakes to advance worldwide economic prosperity by increasing trade through the opening of overseas markets and freeing the flow of goods, services, and capital.

<b>Economic and Financial (B03)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B03.372.004</b>	Economic and Financial	Postal service	Postal Services	Postal Services provide for the timely and consistent exchange and delivery of mail and packages between businesses, organizations, and residents of the United States or between businesses, organizations, and residents of the United States and the rest of the world. It also includes the nationwide retail infrastructure required to make Postal Services easily accessible to customers.
<b>B03.376</b>	Economic and Financial	Other advancement of commerce		Loan programs to aid specialized forms of business (such as small business) that are not included elsewhere in the functional structure. For such transactions undertaken prior to credit reform, includes the total cash flows. For activities under credit reform, includes the credit subsidy cost of the loans or guarantees. Also includes collecting and disseminating economic and demographic statistics (such as census data) and regulating business.
<b>B03.376.011</b>	Economic and Financial	Other advancement of commerce	Business and Industry Development	Business and Industry Development supports activities related to the creation of economic and business opportunities and stimulus, and the promotion of financial and economic stability for corporations and citizens involved in different types of business.
<b>B03.376.012</b>	Economic and Financial	Other advancement of commerce	Intellectual Property Protection	Intellectual Property Protection involves all activities to protect and promote the ownership of ideas and control over the tangible or virtual representation of those ideas, including inventions and discoveries; literary and artistic works; and symbols, names, images, and designs used in commerce.
<b>B03.376.013</b>	Economic and Financial	Other advancement of commerce	Financial Sector Oversight	Financial Sector Oversight involves the regulation of private sector firms and markets (stock exchanges, corporations, etc.) to protect investors from fraud, monopolies, and illegal behavior. This also includes deposit protection.
<b>B03.376.014</b>	Economic and Financial	Other advancement of commerce	Industry Sector Income Stabilization	Industry Sector Income Stabilization involves all programs and activities devoted to assisting adversely impacted industrial sectors (farming, commercial transportation, etc.) to ensure the continued availability of their services for the American public and the long-term economic stability of these sectors.
<b>B03.451.001</b>	Economic and Financial	Community development	Homeownership Promotion	Homeownership Promotion includes activities devoted to assisting citizens interested in buying homes and educating the public as to the benefits of homeownership.

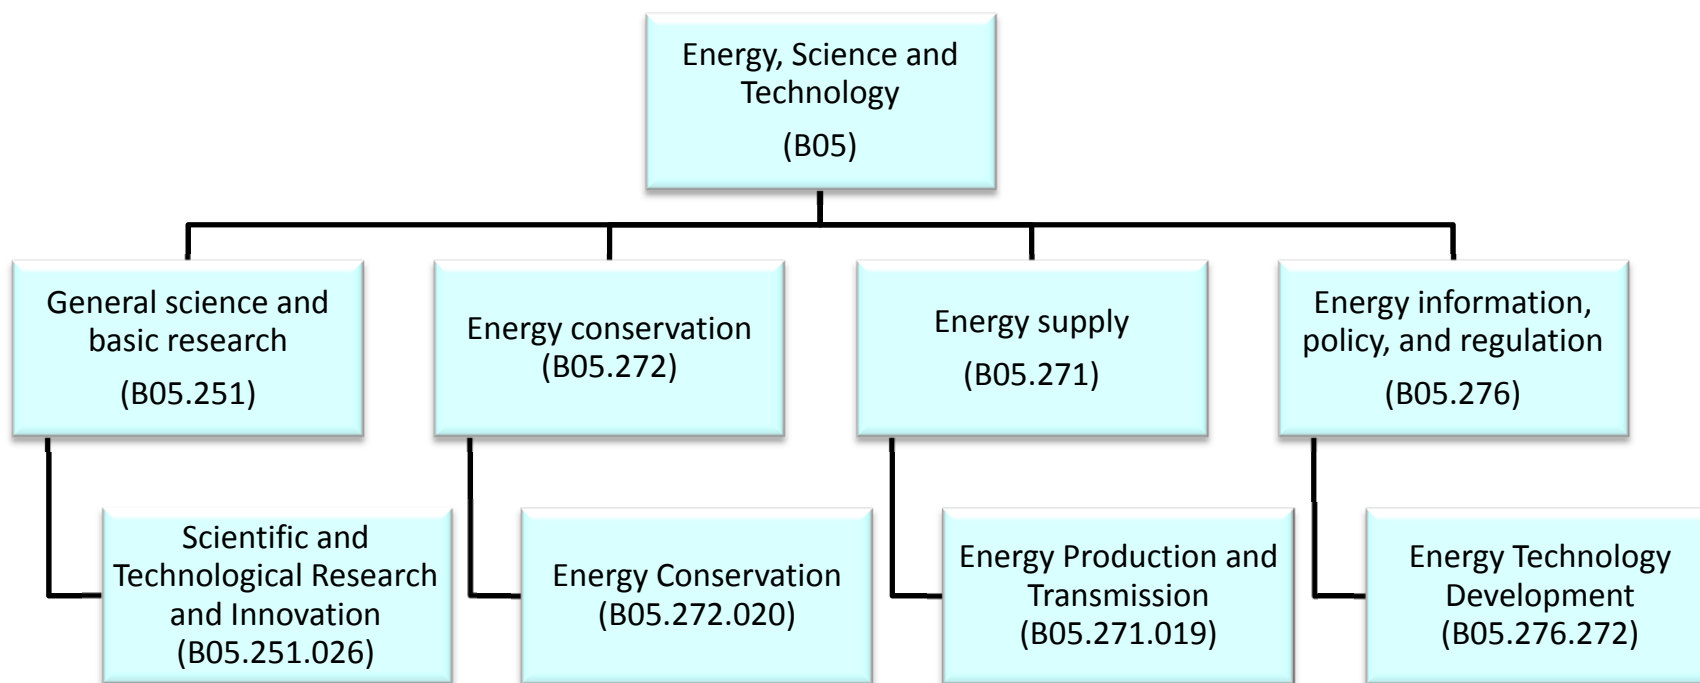

<b>B03.452.002</b>	Economic and Financial	Area and regional development	Community and Regional Development	Community and Regional Development involves activities designed to assist communities in preventing and eliminating blight and deterioration, assist economically distressed communities, and encourage and foster economic development through improved public facilities and resources.
<b>B03.604.038</b>	Economic and Financial	Housing assistance	Housing Assistance	Housing Assistance involves the development and management programs that provide housing to those who are unable to provide housing for themselves including the rental of single-family or multifamily properties, and the management and operation of federally supported housing properties.

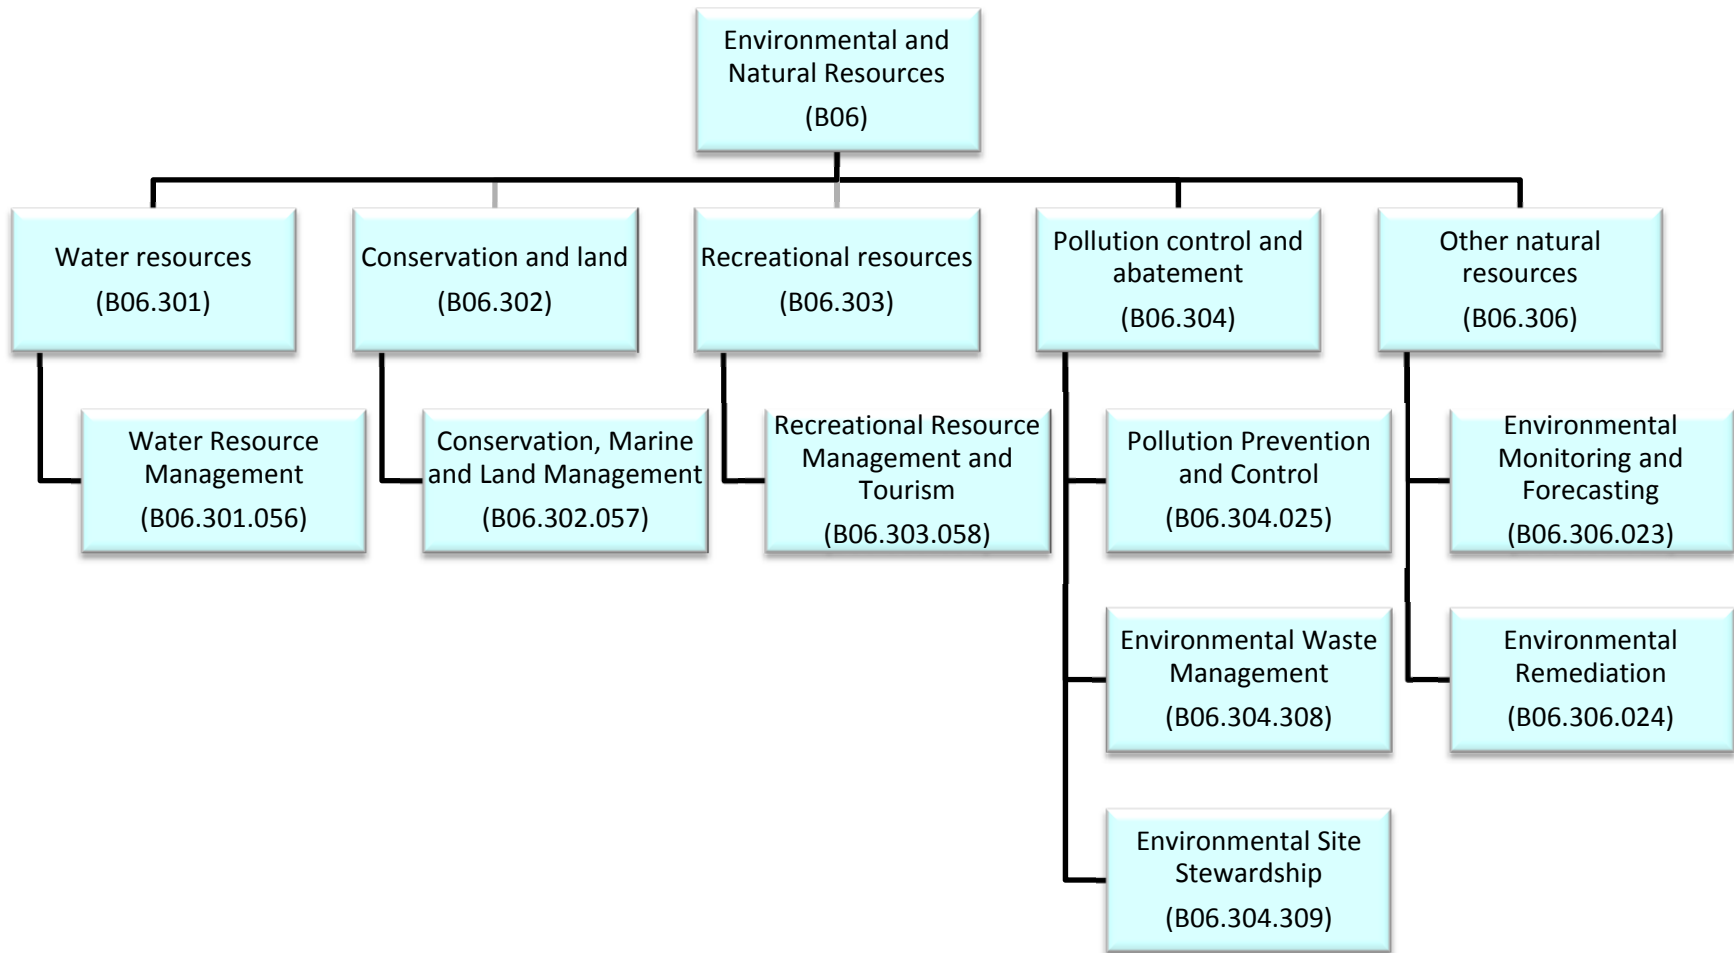

<b>Education and Workforce (B04)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B04.501</b>	Education and Workforce	Elementary, Secondary, and Vocational Education		Preschool, elementary, secondary, and vocational education programs.
<b>B04.501.015</b>	Education and Workforce	Elementary, Secondary, and Vocational Education	Elementary, Secondary, and Vocational Education	Elementary, Secondary, and Vocational Education refers to the provision of education in elementary subjects (reading and writing and arithmetic); education provided by a high school or college preparatory school; and vocational and technical education and training.
<b>B04.501.271</b>	Education and Workforce	Elementary, Secondary, and Vocational Education	Educational Excellence	Educational Excellence refers to activities undertaken by the US Government to evaluate educational programs, collect data on America’s schools, and disseminate information and research
<b>B04.502.016</b>	Education and Workforce	Higher Education	Higher Education	Higher Education refers to education beyond the secondary level; specifically, education provided by a college or university.
<b>B04.503</b>	Education and Workforce	Research and general education aids		Education research and assistance for the arts, the humanities, educational radio and television, public libraries, and museums.
<b>B04.503.017</b>	Education and Workforce	Research and general education aids	Cultural and Historic Preservation	Cultural and Historic Preservation involves all activities performed by the federal government to collect and preserve information and artifacts important to the culture and history of the United States and its citizenry and the education of U.S. citizens and the world.
<b>B04.503.018</b>	Education and Workforce	Research and general education aids	Cultural and Historic Exhibition	Cultural and Historic Exhibition includes all activities undertaken by the U.S. government to promote education through the exhibition of cultural, historical, and other information, archives, art, etc.
<b>B04.504</b>	Education and Workforce	Training and employment		Job or skill training, employment services and placement, and payments to employers to subsidize employment.

<b>B04.504.064</b>	Education and Workforce	Training and employment	Training and Employment	Training and Employment includes programs of job or skill training, employment services and placement, and programs for non-federal employees to promote the hiring of marginal, unemployed, or low-income workers.
<b>B04.504.228</b>	Education and Workforce	Training and employment	Labor Relations	Labor Relations manages the relationship between the agency and its unions and bargaining units. This includes negotiating and administering labor contracts and collective bargaining agreements; managing negotiated grievances; and participating in negotiated third party proceedings.
<b>B04.504.311</b>	Education and Workforce	Training and employment	Vocational Rehabilitation	Vocational Rehabilitation includes all activities devoted to providing educational resources and life skills necessary to rejoin society as responsible and contributing members.
<b>B04.506.065</b>	Education and Workforce	Social services	Labor Rights Management	Labor Rights Management refers to those activities undertaken to ensure that employees and employers are aware of and comply with all statutes and regulations concerning labor rights, including those pertaining to wages, benefits, safety and health, whistleblower, and non-discrimination policies for non-federal employees.
<b>B04.554.066</b>	Education and Workforce	Consumer and occupational health and safety	Worker Safety	Worker Safety refers to those activities undertaken to save lives, prevent injuries, and protect the health of America's workers.

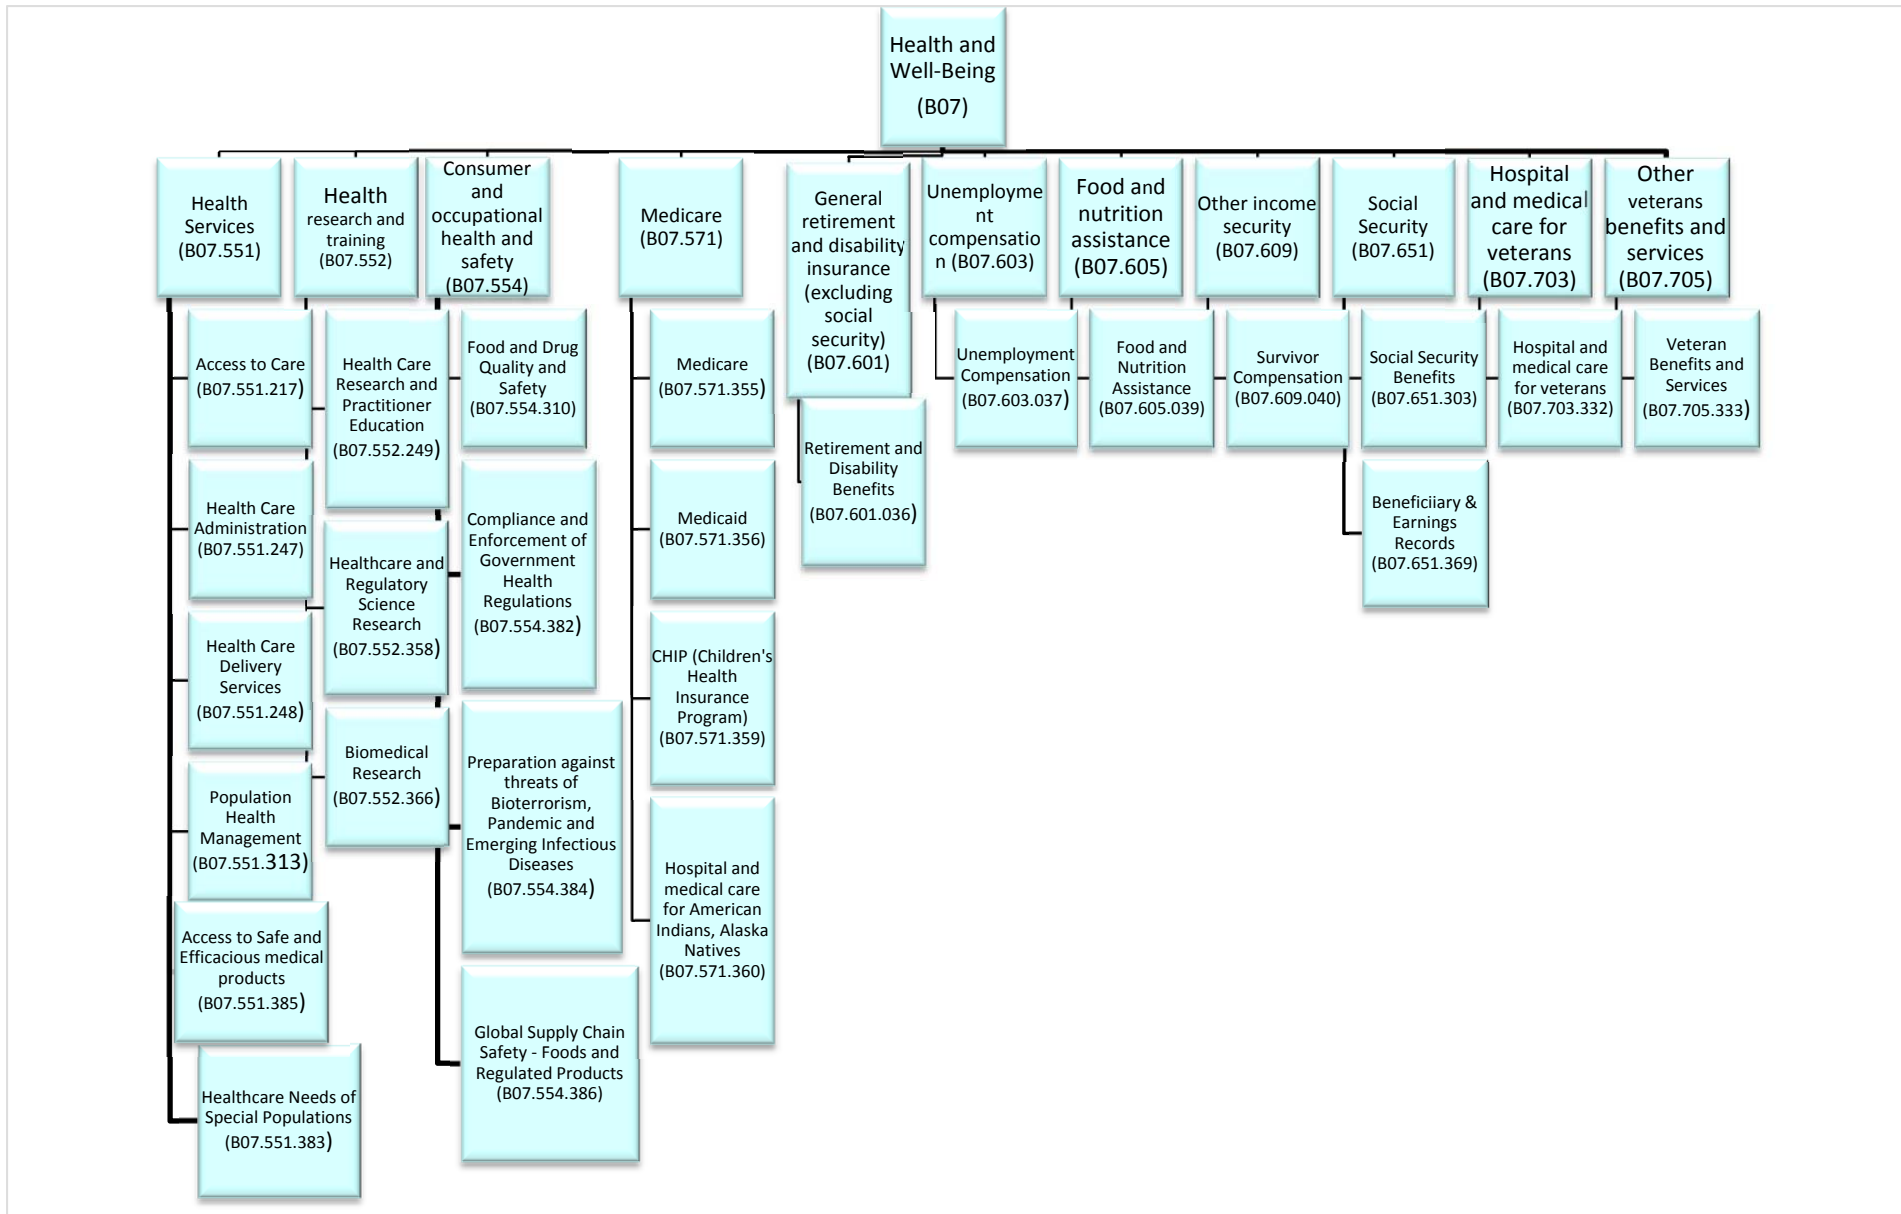

<b>Energy, Science and Technology (B05)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B05.251.026</b>	Energy, Science and Technology	General science and basic research	Scientific and Technological Research and Innovation	Scientific and Technological Research and Innovation includes all federal activities whose goal is the creation of new scientific and/or technological knowledge as a goal in itself, without a specific link to the other LoBs or Services of the BRM.
<b>B05.272.020</b>	Energy, Science and Technology	Energy conservation	Energy Conservation	Energy Conservation and Preparedness involves protection of energy resources from over consumption to ensure the continued availability of fuel resources and to promote environmental protection.
<b>B05.271.019</b>	Energy, Science and Technology	Energy supply	Energy Production and Transmission	Energy Production involves the transformation of raw energy resources into useable, deliverable energy. all activities devoted to ensuring the availability of an adequate supply of energy for the United States and its citizens. It involves the management and oversight of energy producing resources including facilities, dams, land, offshore resources and the private sector and includes all types of mass-produced energy (e.g., hydroelectric, nuclear, wind, solar, or fossil fuels).
<b>B05.276.272</b>	Energy, Science and Technology	Energy information, policy, and regulation	Energy Technology Development	Energy Technology Development encompasses the activities that apply the results of scientific research to design, develop, and test new technologies, components, and processes. This service focuses on the development of prototypes and pilots for wide-scale technologies and components that can be mass produced by private-sector partners. The fabrication of one-time components used in very specific research techniques is an activity within the General Sciences and Innovation LOB.

<b>Environmental and Natural Resources (B06)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B06.301.056</b>	Environmental and Natural Resources	Water resources	Water Resource Management	Water Resource Management includes all activities that promote the effective use, protection and management of the nation's water resources.
<b>B06.302.057</b>	Environmental and Natural Resources	Conservation and land management	Conservation, Marine and Land Management	Conservation, Marine and Land Management involves the responsibilities of surveying, maintaining, and operating public lands and monuments, as well as activities devoted to ensuring the preservation of land, water, wildlife, and natural resources, both domestically and internationally. It also includes the sustainable stewardship of natural resources on federally owned/controlled lands for commercial use (mineral mining, grazing, forestry, fishing, etc.).
<b>B06.303.058</b>	Environmental and Natural Resources	Recreational resources	Recreational Resource Management and Tourism	Recreational Resource Management and Tourism involves the management of national parks, monuments, and tourist attractions as well as visitor centers, campsites, and park service facilities.
<b>B06.304</b>	Environmental and Natural Resources	Pollution control and abatement		Controlling and reducing air, water, and land pollution, or enhancing the environment. Excludes water resources programs, water treatment plants, and similar programs that are not funded as part of an environmental enhancement activity.
<b>B06.304.025</b>	Environmental and Natural Resources	Pollution control and abatement	Pollution Prevention and Control	Pollution Prevention and Control includes activities associated with identifying appropriate pollution standards and controlling levels of harmful substances emitted into the soil, water and atmosphere from manmade sources. Environmental mitigation projects are also included in this business line.
<b>B06.304.308</b>	Environmental and Natural Resources	Pollution control and abatement	Environmental Waste Management	Environmental Waste Management includes activities associated with identifying appropriate pollution standards and controlling levels of harmful substances emitted into the soil, water and atmosphere from manmade sources. Environmental mitigation projects are also included.

<b>B06.304.309</b>	Environmental and Natural Resources	Pollution control and abatement	Environmental Site Stewardship	Environmental Site Stewardship supports the immediate and long-term activities associated with the correcting and offsetting of environmental deficiencies or imbalances, including restoration activities at facilities under the stewardship of the Federal Government.
<b>B06.306</b>	Environmental and Natural Resources	Other natural resources		Miscellaneous natural resources programs, not classified under other subfunctions, such as marine-, earth-, and atmosphere-related research and geological surveys and mapping.
<b>B06.306.023</b>	Environmental and Natural Resources	Other natural resources	Environmental Monitoring and Forecasting	Environmental Monitoring and Forecasting involves the observation and prediction of environmental conditions. This includes but is not limited to the monitoring and forecasting of water quality, water levels, ice sheets, air quality, regulated and non-regulated emissions, as well as the observation and prediction of weather patterns and conditions.
<b>B06.306.024</b>	Environmental and Natural Resources	Other natural resources	Environmental Remediation	Environmental Remediation supports the immediate and long-term activities associated with the correcting and offsetting of environmental deficiencies or imbalances, including restoration activities.

<b>Health and Well-Being (B07)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B07.551</b>	Health and Well-Being	Health Services		Medical services to individuals and families, whether such services are provided directly by the federal government or financed through grants, contracts, insurance, or reimbursements.
<b>B07.551.217</b>	Health and Well-Being	Health Services and Management	Access to Care	Access to Care focuses on the access to appropriate care. This includes streamlining efforts to receive care; ensuring care is appropriate in terms of type, care, intensity, location and availability; providing seamless access to health knowledge, enrolling providers; performing eligibility determination, and managing patient movement. It can include aid to family with children, immunization programs, and child support enforcement.
<b>B07.551.247</b>	Health and Well-Being	Health Services and Management	Health Care Administration	Health Care Administration assures that federal health care resources are expended effectively to ensure quality, safety, and efficiency. This includes managing health care quality, cost, workload, utilization, and fraud/abuse efforts.
<b>B07.551.248</b>	Health and Well-Being	Health Services and Management	Health Care Delivery Services	Health Care Delivery Services provides and supports the delivery of health care to its beneficiaries. This includes assessing health status; planning health services; ensuring quality of services and continuity of care; and managing clinical information and documentation. It can include aid to family with children, immunization programs, and child support enforcement.
<b>B07.551.313</b>	Health and Well-Being	Health Services and Management	Population Health Management	Population Health Management assesses health indicators as a means to protect and promote the health of the general population. This includes monitoring of health, health planning, and health management of humans, animals, animal products, and plants, as well as tracking the spread of diseases and pests. Also includes evaluation of consumer products, drug, and foods to assess the potential risks and dangers; education of the consumer and the general population; and facilitation of health promotion and disease and injury prevention.

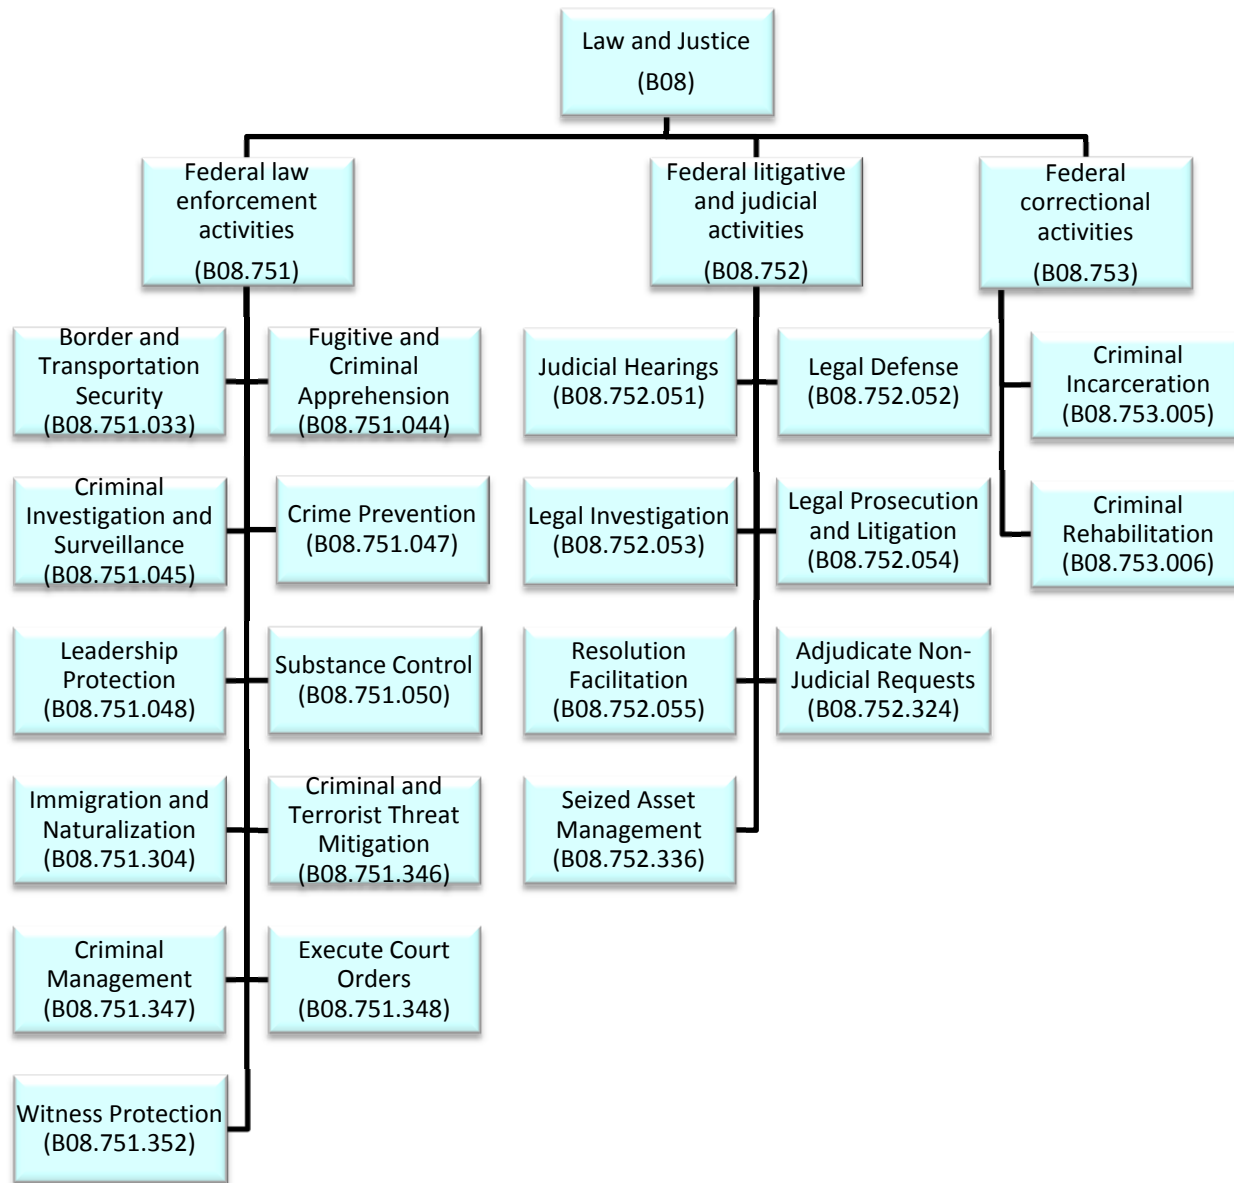

<b>B07.551.383</b>	Health and Well-Being	Health Services and Management	Healthcare Needs of Special Populations	Healthcare Needs of Special Populations involves the research, discovery, and testing of products and devices for the needs of special populations. It also includes supporting dialogues and publication of information related to this healthcare needs.
<b>B07.551.385</b>	Health and Well-Being	Health Services and Management	Access to Safe and Efficacious medical products	Access to Safe and Efficacious medical products involves the management and execution of the evaluation processes for medical products. This includes product formulation, ingredient and constituent content, product labelling and proposed advertising.
<b>B07.552</b>	Health and Well-Being	Health research and training		All research programs—whether basic or applied—that are financed specifically as health or medical research. Excludes research that is an integral part of other functions (such as biomedical research in the space program).
<b>B07.552.249</b>	Health and Well-Being	Health research and training	Health Care Research and Practitioner Education	Health Care Research and Practitioner Education fosters advancement in health discovery and knowledge. This includes developing new strategies to handle diseases; promoting health knowledge advancement; identifying new means for delivery of services, methods, decision models and practices; making strides in quality improvement; managing clinical trials and research quality; and providing for practitioner education.
<b>B07.552.358</b>	Health and Well-Being	Health research and training	Healthcare and Regulatory Science Research	The application of advanced technology and science-based standards in a regulatory framework to support pre-market and post-market evaluation and approval of new technologies, products, services, and manufacturing practices.
<b>B07.552.366</b>	Health and Well-Being	Health research and training	Biomedical Research	Basic, clinical, and translational research concerned with the application of biological, physiological, sociological principles to clinical medicine to improve human health.
<b>B07.554.310</b>	Health and Well-Being	Consumer and occupational health and safety	Food and Drug Quality and Safety	Food and Drug Quality and Safety assesses quality indicators and safety metrics as a means to protect and promote the health of the general population. This includes monitoring of humans, animals, animal products, and plants, as well as tracking the spread of diseases and pests. Also includes evaluation of food and drug related incidents to assess the potential risks and dangers; education of the consumer and the general population; and facilitation of health promotion and disease and injury prevention.

<b>B07.554.382</b>	Health and Well-Being	Consumer and occupational health and safety	Compliance and Enforcement of Government Health Regulations	The compliance and enforcement of government health regulations supports the periodic verification and compliance of establishments, products, retail sales activities, and import activities. Medical products include Pre-market and post-market activities with establishment inspections, product sampling, quality reporting and enforcement actions.
<b>B07.554.384</b>	Health and Well-Being	Consumer and occupational health and safety	Preparation against threats of Bioterrorism, Pandemic and Emerging Infectious Diseases	Preparation against threats of Bioterrorism, Pandemic and Emerging Infectious Diseases involves the activities to identify serious and time-critical product safety concerns related to Government regulated products and the nation's food supply and managing (including coordinating and communicating) emergency response activities.
<b>B07.554.386</b>	Health and Well-Being	Consumer and occupational health and safety	Global Supply Chain Safety - Foods and Regulated Products	Global Supply Chain Safety - Foods and Regulated Products involves the monitoring and evaluation of foods and regulated products associated with a global supply chain for food and medical products.
<b>B07.571</b>	Health and Well-Being	Medicare		Federal hospital insurance and federal supplementary medical insurance, along with general fund subsidies of these funds and associated offsetting receipts.
<b>B07.571.355</b>	Health and Well-Being	Medicare	Medicare	Medicare involves all activities related to the disbursement of Medicare funds from the federal government directly to beneficiaries (individuals or organizations) who satisfy federal eligibility requirements.
<b>B07.571.356</b>	Health and Well-Being	Medicare	Medicaid	Medicaid involves all activities related to the disbursement of Medicaid funds from the federal government directly to beneficiaries (individuals or organizations) who satisfy federal eligibility requirements.
<b>B07.571.359</b>	Health and Well-Being	Medicare	CHIP (Children's Health Insurance Program)	CHIP (Children's Health Insurance Program) involves all activities related to the disbursement of CHIP funds from the federal government directly to beneficiaries (individuals or organizations) who satisfy federal eligibility requirements.

<b>B07.571.360</b>	Health and Well-Being	Medicare	Hospital and medical care for American Indians, Alaska Natives	Hospital and medical care for American Indians and Alaska Natives assures that federal health care resources for tribes and tribal members are expended effectively to ensure quality, safety, and efficiency and provides and supports the delivery of health care to American Indians and Alaska Natives.
<b>B07.601.036</b>	Health and Well-Being	General retirement and disability insurance (excluding social security)	Retirement and Disability Benefits	Retirement and Disability Benefits involves the development of policies and management of retirement benefits, pension benefits, and income security for those who are retired or disabled (excluding Veteran Benefits).
<b>B07.603.037</b>	Health and Well-Being	Unemployment compensation	Unemployment Compensation	Unemployment Compensation provides income security to those who are no longer employed, while they seek new employment.
<b>B07.605.039</b>	Health and Well-Being	Food and nutrition assistance	Food and Nutrition Assistance	Food and Nutrition Assistance involves the development and management of programs that provide food and nutrition assistance to those members of the public who are unable to provide for these needs themselves.
<b>B07.609.040</b>	Health and Well-Being	Other income security	Survivor Compensation	Survivor Compensation provides compensation to the survivors of individuals currently receiving or eligible to receive benefits from the federal government. This includes, but is not limited to, survivors such as spouses or children of veterans or wage earners eligible for social security payments.
<b>B07.651.303</b>	Health and Well-Being	Social Security	Social Security Benefits	Social Security Benefits includes all direct transfers to Individuals and involves the disbursement of funds from the federal government directly to beneficiaries who satisfy federal eligibility requirements with no restrictions imposed on the recipient as to how the money is spent. Purposes include Retirement, Survivors, and Old Age/ Supplemental Security Income (needs-based).
<b>B07.651.369</b>	Health and Well-Being	Social Security	Beneficiary & Earnings Records	Activities related to processing and maintaining life-long earnings records for most of the working population, as well as providing earnings related service to the public. This service provides an estimated amount of benefits, under the current law.

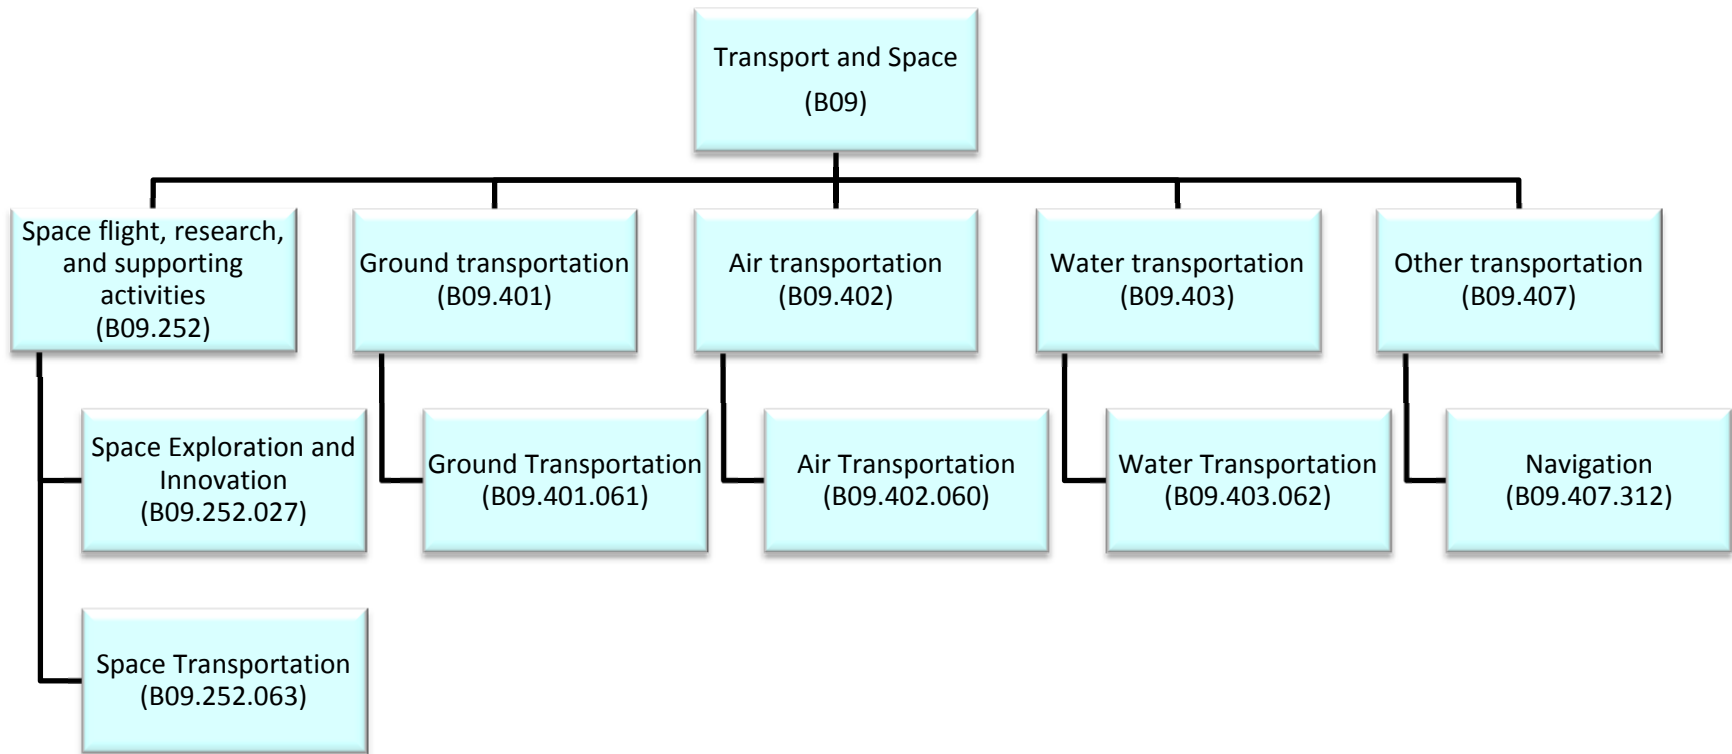

<b>B07.703.332</b>	Health and Well-Being	Hospital and medical care for veterans	Hospital and medical care for veterans	Hospital and medical care for veterans assures that federal health care resources for Veterans are expended effectively to ensure quality, safety, and efficiency and provides and supports the delivery of health care to Veterans.
<b>B07.705.333</b>	Health and Well-Being	Other veterans benefits and services	Veteran Benefits and Services	The Veteran Benefits and Services service involves the development and management of retirement benefits, pension benefits, and income security for Veterans.

<b>Law and Justice (B08)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B08.751</b>	Law and Justice	Federal law enforcement activities		The costs of operating the Federal Bureau of Investigation, Customs and Border Protection, Immigration and Customs Enforcement, the Drug Enforcement Administration, and police and crime prevention activities in other programs. Also includes the readily identifiable enforcement cost of civil rights activities.
<b>B08.751.033</b>	Law and Justice	Federal law enforcement activities	Border and Transportation Security	Border and Transportation Security includes appropriately facilitating or deterring entry and exit of people, goods, and conveyances at and between U.S. ports of entry, as well as ensuring the security of transportation and infrastructure networks, facilities, vehicles, and personnel within the United States.
<b>B08.751.044</b>	Law and Justice	Federal law enforcement activities	Fugitive and Criminal Apprehension	Criminal Apprehension involves activities associated with the tracking, arrest, detention, and transportation of groups or individuals responsible and believed to be responsible for committing federal crimes.
<b>B08.751.045</b>	Law and Justice	Federal law enforcement activities	Criminal Investigation and Surveillance	Criminal Investigation and Surveillance includes collecting evidence required to determine responsibility for a crime and monitoring and questioning affected parties.
<b>B08.751.047</b>	Law and Justice	Federal law enforcement activities	Crime Prevention	Crime Prevention entails all efforts designed to create safer communities through the control and reduction of crime by addressing the causes of crime and reducing opportunities for crimes to occur.
<b>B08.751.048</b>	Law and Justice	Federal law enforcement activities	Leadership Protection	Leadership Protection involves all activities performed to protect the health and well-being of the president, vice-president, their families, foreign leaders and dignitaries, federal judges, and other high-level government officials.

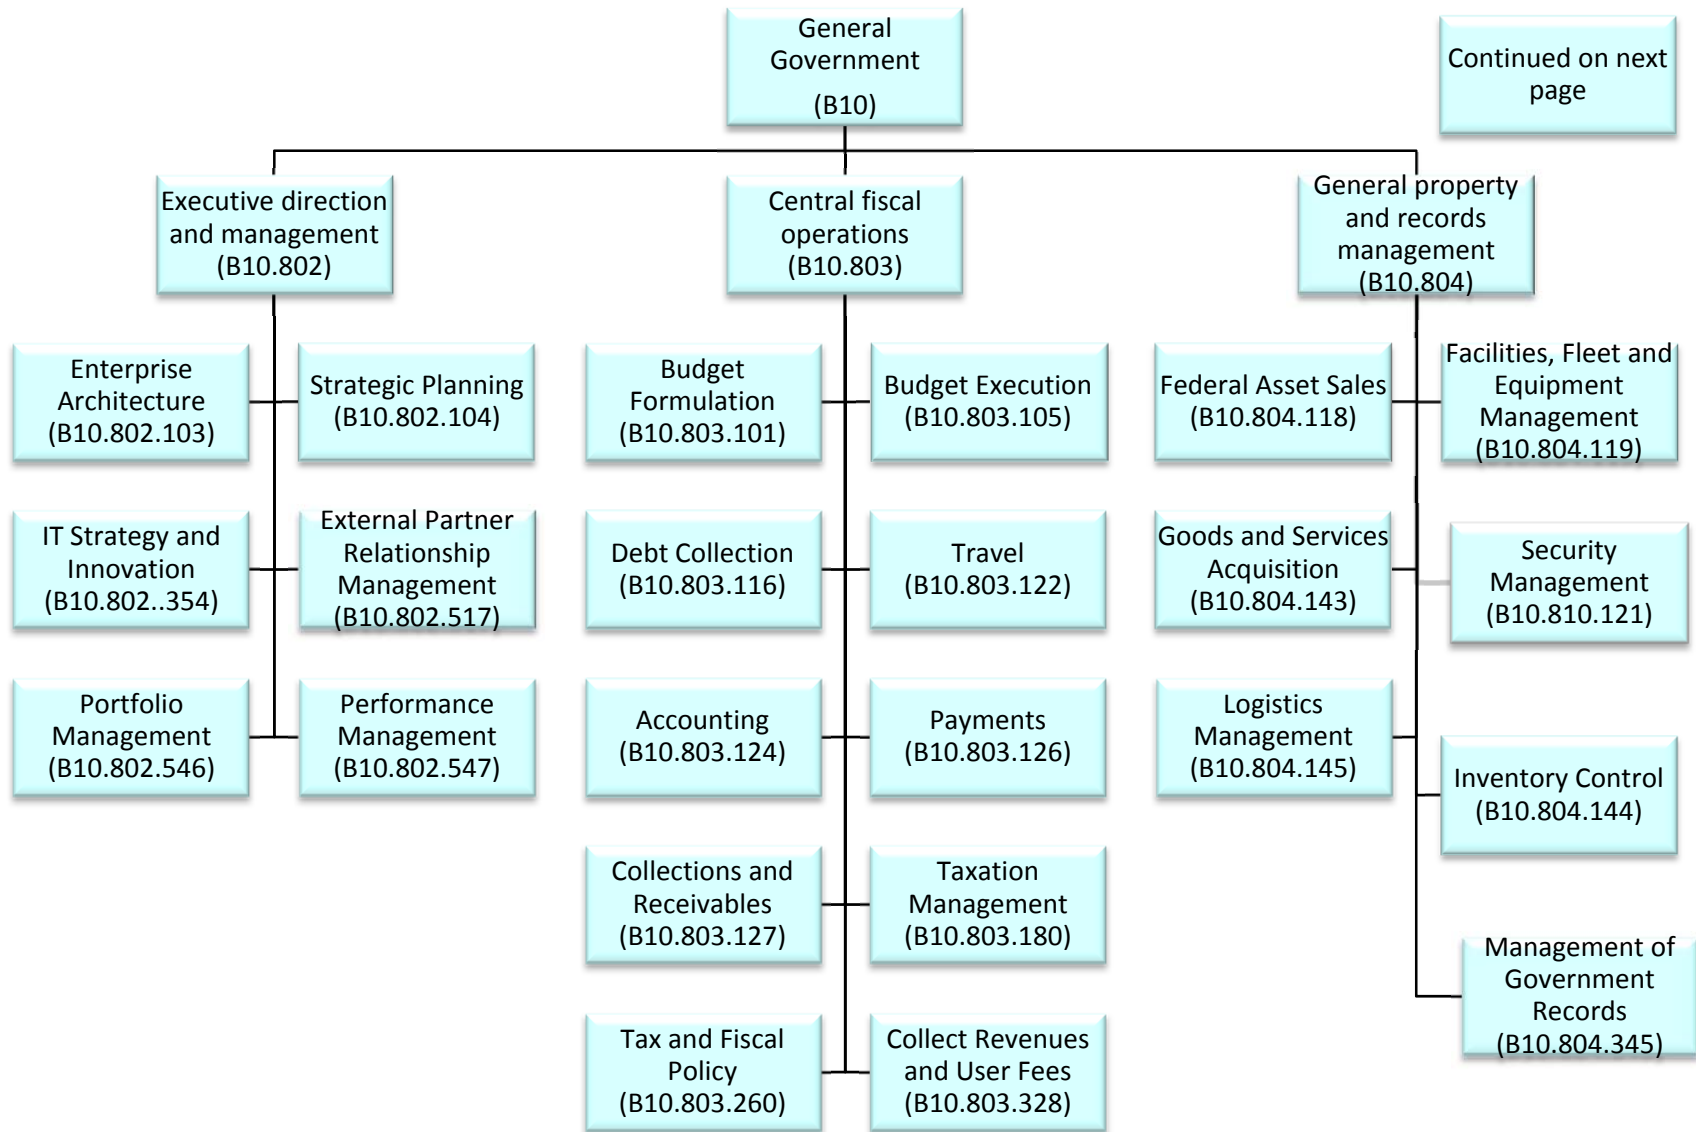

<b>B08.751.050</b>	Law and Justice	Federal law enforcement activities	Substance Control	Substance Control supports activities associated with the enforcement of laws regarding legal substances (i.e., alcohol and tobacco) and illegal narcotics including trafficking, possession, sale, distribution, and other related activities.
<b>B08.751.304</b>	Law and Justice	Federal law enforcement activities	Immigration and Naturalization	Immigration and Naturalization includes all activities for tracking and granting of official status on all non-native non-US citizens, including: refugees, naturalized citizens, legal and illegal immigrants.
<b>B08.751.346</b>	Law and Justice	Federal law enforcement activities	Criminal and Terrorist Threat Mitigation	Criminal and Terrorist Threat Mitigation involves counter activities to prevent, disrupt, weaken, eliminate, and bring to justice threats from organized crime groups, terror networks, gangs, and drug-cartels.
<b>B08.751.347</b>	Law and Justice	Federal law enforcement activities	Criminal Management	Criminal Management includes various functions associated with administering sentences of imprisonment, such as sentence computations, transportation of criminals, and interaction with the public.
<b>B08.751.348</b>	Law and Justice	Federal law enforcement activities	Execute Court Orders	Execute Court Orders involves executing civil, criminal, and foreign orders as directed by the court.
<b>B08.751.352</b>	Law and Justice	Federal law enforcement activities	Witness Protection	Witness Protection involves securing, relocating, and giving Federal witnesses (and their families) new identities.
<b>B08.752</b>	Law and Justice	Federal litigative and judicial activities		The cost of the judiciary, the cost of prosecution, and federal expenses connected with financing legal defense activities.
<b>B08.752.051</b>	Law and Justice	Federal litigative and judicial activities	Judicial Hearings	Judicial Hearings includes activities associated with proceedings (usually by a court of law) where evidence is taken for the purpose of determining an issue of fact and reaching a decision based on that evidence.
<b>B08.752.052</b>	Law and Justice	Federal litigative and judicial activities	Legal Defense	Legal Defense includes those activities associated with the representation of a defendant in a criminal or civil proceeding.

<b>B08.752.053</b>	Law and Justice	Federal litigative and judicial activities	Legal Investigation	Legal Investigation includes activities associated with gathering information about a given party (government agency, citizen or corporation) that would be admissible in a court of law in an attempt to determine a legal question or matter.
<b>B08.752.054</b>	Law and Justice	Federal litigative and judicial activities	Legal Prosecution and Litigation	Legal Prosecution and Litigation includes all activities involved with presenting a case in a legal proceeding both in a criminal or civil court of law in an attempt to prove guilt/responsibility.
<b>B08.752.055</b>	Law and Justice	Federal litigative and judicial activities	Resolution Facilitation	Resolution Facilitation refers to those activities outside a court of law, such as mediation and arbitration, which may be used in an attempt to settle a dispute between two or more parties (government agency, citizen, or corporation).
<b>B08.752.324</b>	Law and Justice	Federal litigative and judicial activities	Adjudicate Non-Judicial Requests	Determining the applicability of relevant statute, regulation, standard or policy to a specific individual or organizations actions or requests. Also, adjudicate Non-Judicial Requests includes those activities outside a court of law, such as mediation and arbitration, which may be used in an attempt to settle a dispute between two or more parties (government agency, citizen, or corporation).
<b>B08.752.336</b>	Law and Justice	Federal litigative and judicial activities	Seized Asset Management	Seized Asset Management involves the seizure, storage, administrative tracking and management of property seized from individuals responsible or believed to be responsible for committing federal crimes.
<b>B08.753</b>	Law and Justice	Federal correctional activities		Covers the costs of incarceration, supervision, parole, and rehabilitation of federal prisoners.
<b>B08.753.005</b>	Law and Justice	Federal correctional activities	Criminal Incarceration	Criminal Incarceration includes activities associated with the housing, custody and general care of criminals serving time in penitentiaries. This includes self-improvement opportunities provided as part of Criminal Incarceration.
<b>B08.753.006</b>	Law and Justice	Federal correctional activities	Criminal Rehabilitation	Criminal Rehabilitation includes all government activities devoted to providing convicted criminals with the educational resources and life skills necessary to rejoin society as responsible and contributing members. This includes work and treatment opportunities provided as part of Criminal Rehabilitation.

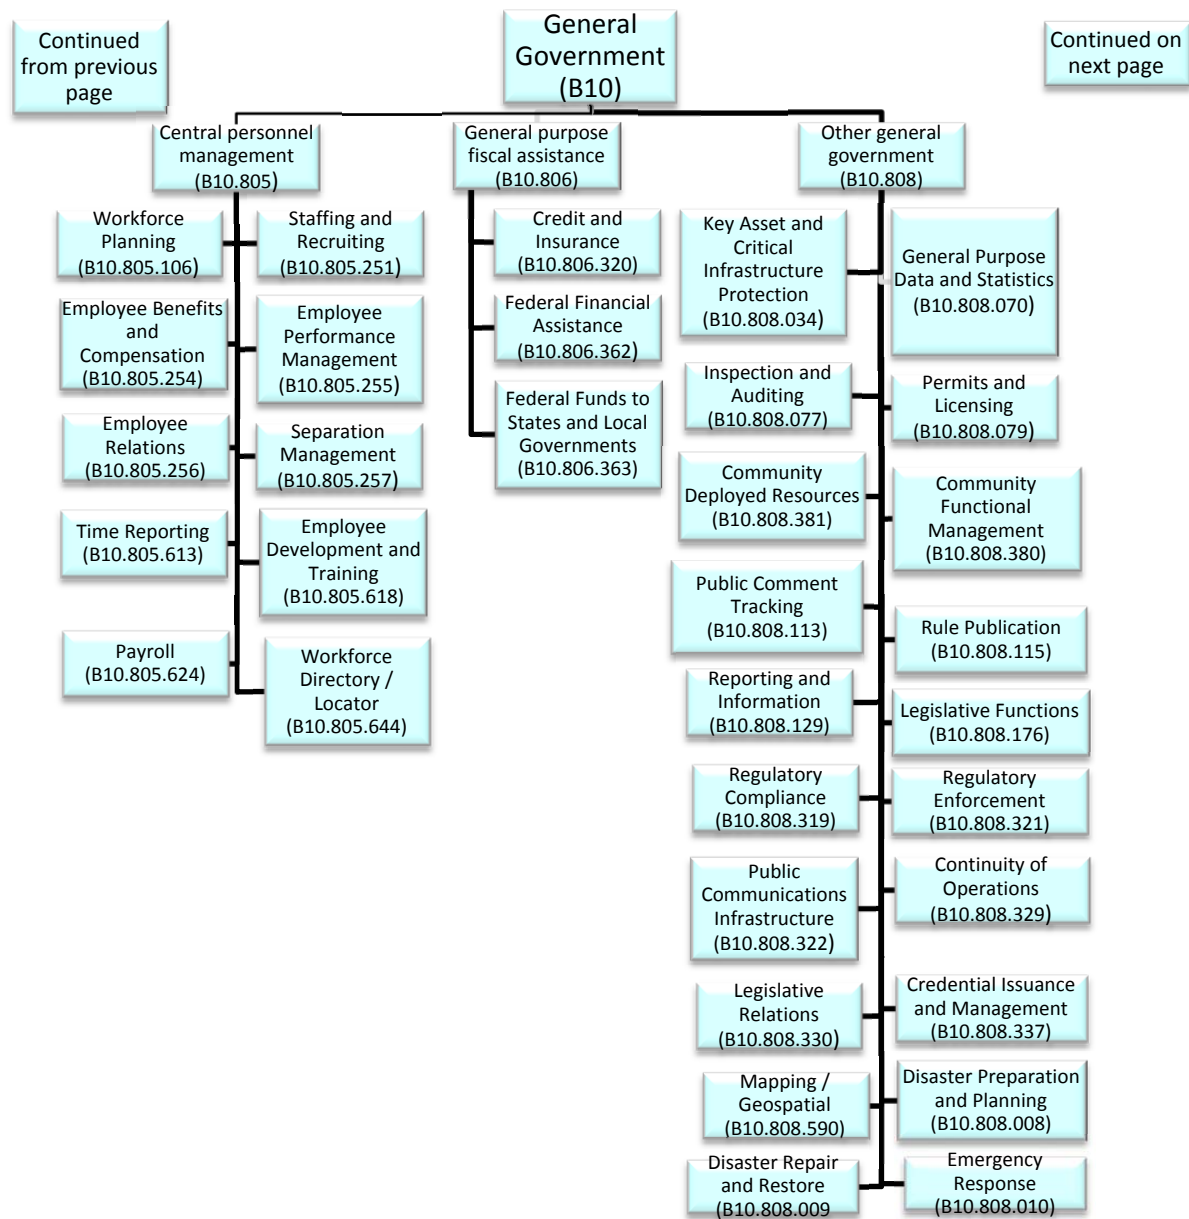

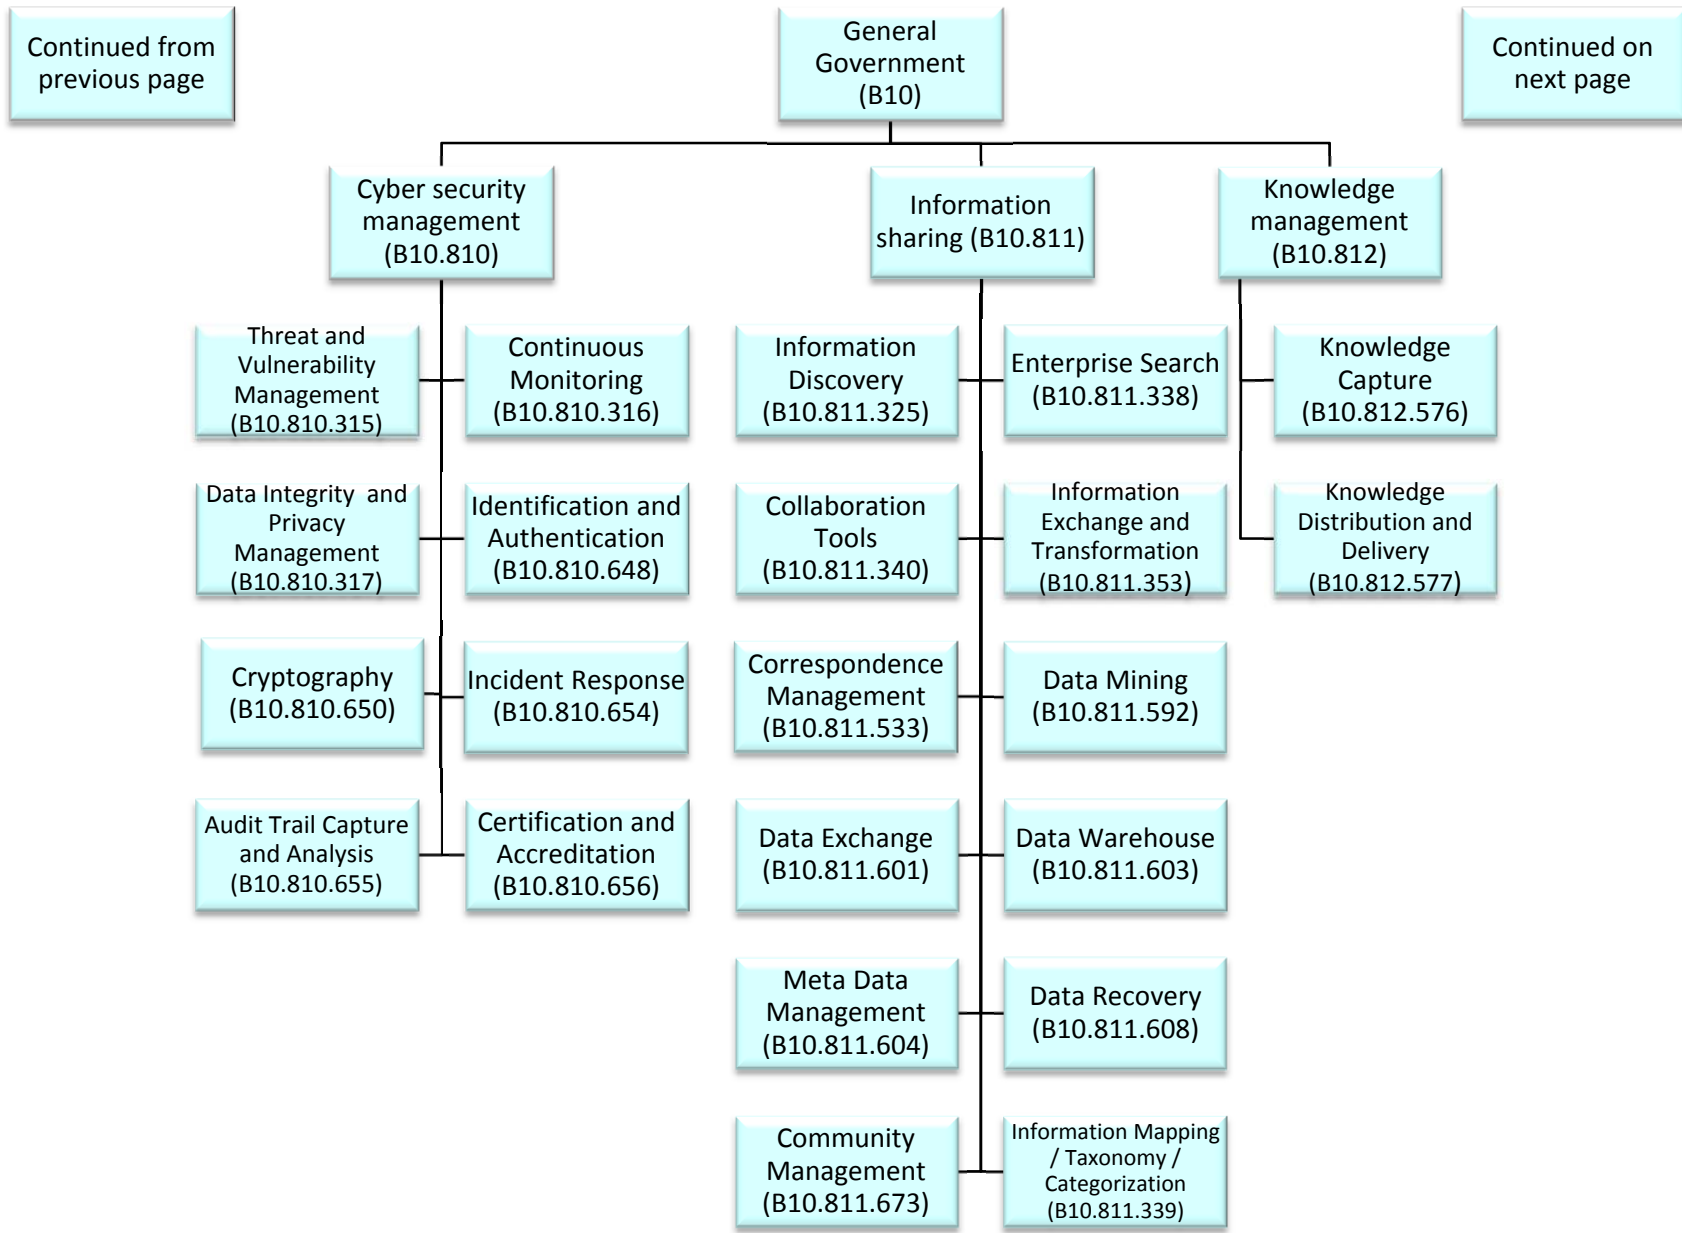

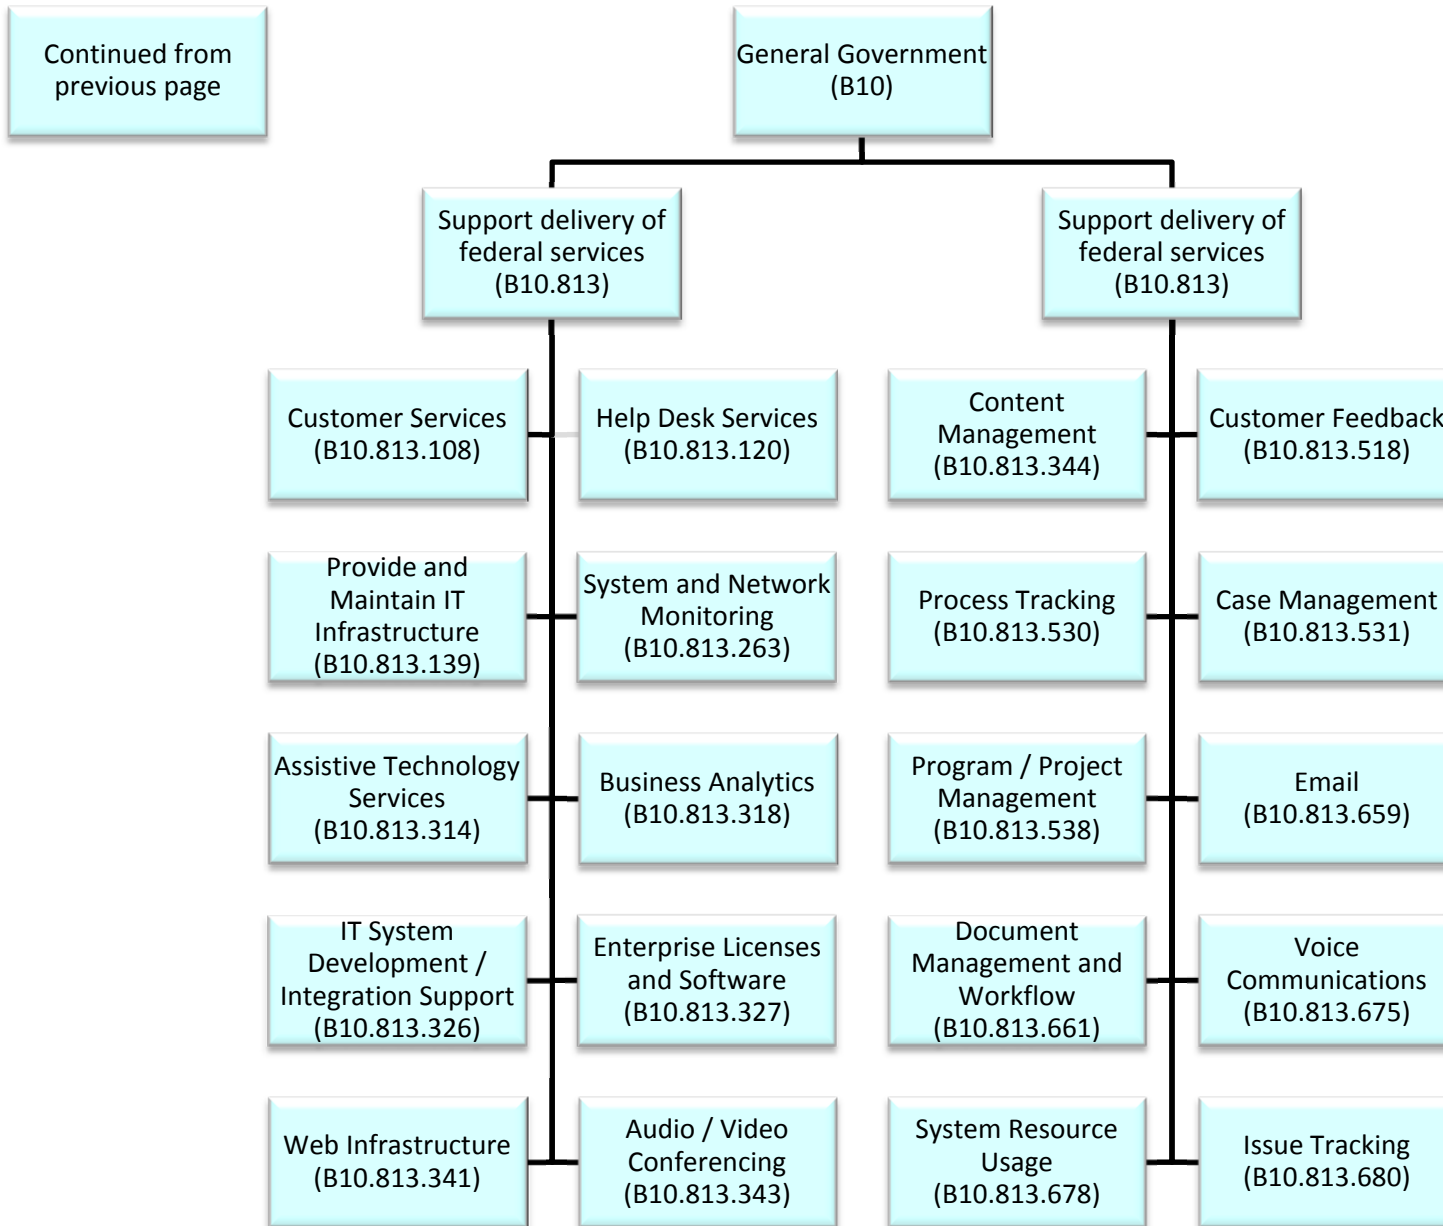

<b>Transport and Space (B09)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B09.252</b>	Transport and Space	Space flight, research, and supporting activities		Development and operation of space transportation systems, basic scientific research connected with outer space, research and demonstrations designed to promote terrestrial applications of technology developed through space research, and development of new space technologies for future flight missions. Also includes costs of tracking and data relay support for the National Aeronautics and Space Administration space science and applications for flight missions.
<b>B09.252.027</b>	Transport and Space	Space flight, research, and supporting activities	Space Exploration and Innovation	Space Exploration and Innovation includes all activities devoted to innovations directed at human and robotic space flight and the development and operation of space launch and transportation systems, and the general research and exploration of outer space
<b>B09.252.063</b>	Transport and Space	Space flight, research, and supporting activities	Space Transportation	Space Transportation involves the activities related to ensuring the availability of transit and the safe passage of passengers and goods through aerospace.
<b>B09.401.061</b>	Transport and Space	Ground transportation	Ground Transportation	Ground Transportation involves the activities related to ensuring the availability of transit and the safe passage of passengers and goods over land.
<b>B09.402.060</b>	Transport and Space	Air transportation	Air Transportation	Air Transportation involves the activities related to the safe passage of passengers or goods through the air. It also includes command and control activities related to the safe movement of aircraft through all phases of flight for commercial and military operations.
<b>B09.403.062</b>	Transport and Space	Water transportation	Water Transportation	Water Transportation involves the activities related to ensuring the availability of transit and the safe passage of passengers and goods over sea and water.
<b>B09.407.312</b>	Transport and Space	Other transportation	Navigation	Navigation includes all means for the representation of position information through the use of attributes such as elevation, latitude, and longitude coordinates. This includes land-based and space-based geo-positioning technologies and services.

<b>General Government (B10)</b>				
<b>Code</b>	<b>Mission Sector</b>	<b>Business Function</b>	<b>Service</b>	<b>Definition</b>
<b>B10.802.103</b>	General Government	Executive direction and management	Enterprise Architecture	Enterprise Architecture is an established process for describing the current state and defining the target state and transition strategy for an organization’s people, processes, and technology.
<b>B10.802.104</b>	General Government	Executive direction and management	Strategic Planning	Strategic Planning entails the determination of annual and long-term goals and the identification of the best approach for achieving those goals.
<b>B10.802.354</b>	General Government	Executive direction and management	IT Strategy and Innovation	IT Strategy and Innovation includes all activities outside of normal Strategic Planning that focus on trying new approaches, new systems and thinking about/ planning IT investments in different ways.
<b>B10.802.517</b>	General Government	Executive direction and management	External Partner Relationship Management	Provides a framework to promote the effective collaboration between an organization and its business partners, particularly members of the distribution chain (e.g., channel and alliance partners, resellers, agents, brokers, and dealers) and other third parties that support operations and service delivery to an organization’s customers; includes performance evaluation of partners, if necessary
<b>B10.802.546</b>	General Government	Executive direction and management	Portfolio Management	Defines the set of capabilities to support the administration of a group of investments held by an organization
<b>B10.802.547</b>	General Government	Executive direction and management	Performance Management	Defines the set of capabilities to measure the effectiveness of an organization's financial assets and capital. This can include Corrective Action, Program Evaluation, and Program Monitoring. Includes Program Performance Assessments, Government Performance Results Act (GPRA) plans and reports, performance-based agency budget submissions, and Financial Management Cost Accounting and Performance Measurement data.

<b>B10.803.101</b>	General Government	Central fiscal operations	Budget Formulation	Budget Formulation involves resource planning activities that align Federal resources allocated through budget formulation and submission. It involves all activities undertaken to determine priorities for future spending and to develop an itemized forecast of future funding and expenditures during a targeted period of time. This includes the collection and use of performance information to assess the effectiveness of programs and develop budget priorities.
<b>B10.803.105</b>	General Government	Central fiscal operations	Budget Execution	Budget Execution involves the legal (apportionment) and managerial (allotment and sub-allotment) distribution of budget authority to achieve results consistent with the formulated budget.
<b>B10.803.116</b>	General Government	Central fiscal operations	Debt Collection	Debt Collection supports activities associated with the collection of money owed to the U.S. government from both foreign and domestic sources.
<b>B10.803.122</b>	General Government	Central fiscal operations	Travel	Travel involves the activities associated with planning, preparing, and monitoring of business related travel for an organization's employees.
<b>B10.803.124</b>	General Government	Central fiscal operations	Accounting	Accounting entails accounting for assets, liabilities, fund balances, revenues and expenses associated with the maintenance of federal funds and expenditure of federal appropriations (Salaries and Expenses, Operation and Maintenance, Procurement, Working Capital, Trust Funds, etc.), in accordance with applicable federal standards (FASAB, Treasury, OMB, GAO, etc.).
<b>B10.803.126</b>	General Government	Central fiscal operations	Payments	Payments includes disbursements of federal funds, via a variety of mechanisms, to federal and private individuals, federal agencies, state, local and international governments, and the private sector, to effect payment for goods and services, or distribute entitlements, benefits, grants, subsidies, loans, or claims.
<b>B10.803.127</b>	General Government	Central fiscal operations	Collections and Receivables	The Collections and Receivables service includes deposits, fund transfers, and receipts for sales or service.
<b>B10.803.180</b>	General Government	Central fiscal operations	Taxation Management	Taxation Management includes activities associated with the implementation of the Internal Revenue Code and the collection of taxes in the United States and abroad.

<b>B10.803.260</b>	General Government	Central fiscal operations	Tax and Fiscal Policy	Tax and Fiscal Policy encompasses analysis of the implications for economic growth and stability in the United States and the world of Federal tax and spending policies. This includes assessing the sustainability of current programs and policies, the best means for raising revenues, the distribution of tax liabilities, and the appropriate limits on debt.
<b>B10.803.328</b>	General Government	Central fiscal operations	Collect Revenues and User Fees	Collect Revenues and User Fees supports activities associated with the collection of money owed to the U.S. government from both foreign and domestic sources. It also involves the collection of fees assessed on individuals or organizations for the provision of Government services and for the use of Government goods or resources.
<b>B10.804.118</b>	General Government	General property and records management	Federal Asset Sales	Federal Asset Sales encompasses the activities associated with the acquisition, oversight, tracking, and sale of non-internal assets managed by the federal government with a commercial value and sold to the private sector.
<b>B10.804.119</b>	General Government	General property and records management	Facilities, Fleet and Equipment Management	Facilities, Fleet, and Equipment Management involves the maintenance, administration, certification, and operation of office buildings, fleets, machinery, and other capital assets that are the responsibility of the federal government.
<b>B10.810.121</b>	General Government	General property and records management	Security Management	Security Management involves the physical protection of an organization's personnel, assets, and facilities (including security clearance management). Note: Activities related to securing data and information systems are addressed under additional Services in the "810-Cyber security management" Function.
<b>B10.804.143</b>	General Government	General property and records management	Goods and Services Acquisition	Goods and Services Acquisition involves the procurement of physical goods, products, and capital assets to be used by the federal government and the oversight and/or management of contractors and service providers from the private sector.
<b>B10.804.144</b>	General Government	General property and records management	Inventory Control	Inventory Control refers to the tracking of information related to procured assets and resources with regard to quantity, quality, and location.

<b>B10.804.145</b>	General Government	General property and records management	Logistics Management	Logistics Management involves the planning and tracking of personnel and their resources in relation to their availability and location.
<b>B10.804.345</b>	General Government	General property and records management	Management of Government Records	Management of Government Records involves the management and stewardship of a type of information by the federal government in order to facilitate communication and information archival. This classification and taxonomic processes that links logical data and information sets.
<b>B10.805.106</b>	General Government	Central personnel management	Workforce Planning	Workforce Planning involves the processes for identifying the workforce competencies required to meet the agency’s strategic goals and for developing the strategies to meet these requirements.
<b>B10.805.251</b>	General Government	Central personnel management	Staffing and Recruiting	Staffing and Recruiting establishes procedures for attracting and selecting high-quality, productive employees with the right skills and competencies, in accordance with merit system principles. This includes: establishing an applicant evaluation approach (which may include drug and alcohol testing); announcing the vacancy, sourcing and evaluating candidates against the competency requirements for the position; initiating pre-employment activities; and hiring employees.
<b>B10.805.254</b>	General Government	Central personnel management	Employee Benefits and Compensation	Employee Benefits and Compensation designs, develops, and implements benefits and compensation programs that attract, retain and fairly compensate agency employees. This Service includes: establishing and communicating benefits programs; processing benefits actions; and interacting as necessary with third party benefits providers. It also includes: developing and implementing compensation programs; administering bonus and monetary awards programs; administering pay changes; managing time, attendance, leave and pay; and managing payroll. In addition, designs, develops, and implements pay for performance compensation programs to recognize and reward high performance, with both base pay increases and performance bonus payments.

<b>B10.805.255</b>	General Government	Central personnel management	Employee Performance Management	Employee Performance Management designs, develops, and implements a comprehensive performance management approach to ensure agency employees are demonstrating competencies required of their work assignments. Design, develop and implement a comprehensive performance management strategy that enables managers to make distinctions in performance and links individual performance to agency goal and mission accomplishment. This Service also includes managing employee performance at the individual level and evaluating the overall effectiveness of the agency's employee development approach.
<b>B10.805.256</b>	General Government	Central personnel management	Employee Relations	Employee Relations designs, develops, and implements programs that strive to maintain an effective employer-employee relationship that balance the agency's needs against its employees' rights. This Service includes: addressing employee misconduct; addressing employee performance problems; managing administrative grievances; providing employee accommodation; administering employees assistance programs; participating in administrative third party proceedings; and determining candidate and applicant suitability.
<b>B10.805.257</b>	General Government	Central personnel management	Separation Management	Separation Management conducts efficient and effective employee separation programs that assist employees in transitioning to non-Federal employment; facilitates the removal of unproductive, non-performing employees; and assists employees in transitioning to retirement.
<b>B10.805.613</b>	General Government	Central personnel management	Time Reporting	Defines the set of capabilities to support the submission, approval and adjustment of an employee's hours
<b>B10.805.618</b>	General Government	Central personnel management	Employee Development and Training	Employee Development and Training designs, develops, and implements a comprehensive employee development and training approach to ensure that agency employees have the right competencies and skills for current and future work assignments. This includes conducting employee development needs assessments; designing employee development programs; administering and delivering employee development and training programs; and evaluating the overall effectiveness of the agency's employee development approach.

<b>B10.805.624</b>	General Government	Central personnel management	Payroll	Defines the set of capabilities to involve the administration of employees compensation
<b>B10.805.644</b>	General Government	Central personnel management	Workforce Directory / Locator	Defines the set of capabilities to support the listing of employees and their whereabouts
<b>B10.806</b>	General Government	General purpose fiscal assistance		Federal aid to state, local, and territorial governments that is available for general fiscal support. The transactions of the now discontinued general revenue-sharing program are included in the historical data for this subfunction. Also includes grants for more restricted purposes when the stipulated purposes cross two or more major budgetary functions and the distribution among those functions is at the discretion of the recipient jurisdiction rather than the federal government. Includes payments in lieu of taxes, broad-purpose shared revenues, and the federal payment to the District of Columbia. Excludes payments specifically for community development or social services programs.
<b>B10.806.320</b>	General Government	General purpose fiscal assistance	Credit and Insurance	Credit and Insurance includes providing protection to individuals or entities against specified risks (The specified protection generally involves risks that private sector entities are unable or unwilling to assume or subsidize and where the provision of insurance is necessary to achieve social objectives), Loan Guarantees and Direct Loans.
<b>B10.806.362</b>	General Government	General purpose fiscal assistance	Federal Financial Assistance	Federal Financial Assistance refers to the transfer of money, property, services, or anything of value, the principal purpose of which is to accomplish a public purpose of support or stimulation authorized by Federal statute. Assistance includes, but is not limited to grants, loans, loan guarantees, scholarships, mortgage loans, insurance, and other types of financial assistance, including cooperative agreements; property, technical assistance, counseling, statistical, and other expert information; and service activities of regulatory agencies.

<b>B10.806.363</b>	General Government	General purpose fiscal assistance	Federal Funds to States and Local Governments	Federal Funds to States and Local Governments includes Formula Grants, Project/Competitive Grants (Project/Competitive grants can include fellowships, scholarships, research grants, training grants, traineeships, experimental and demonstration grants, evaluation grants, planning grants, technical assistance grants, survey grants, and construction grants), State Loans, and other direct payment to State or Local jurisdictions by the Federal Government.
<b>B10.808</b>	General Government	Other general government		Miscellaneous other costs, such as federal costs of territorial governments.
<b>B10.808.008</b>	General Government	Other general government	Disaster Preparedness and Planning	Disaster Preparedness and Planning involves the development of response programs to be used in case of a disaster as well as pre-disaster mitigation efforts to minimize the potential for loss of life and property. This involves the development of emergency management programs and activities as well as staffing and equipping regional response centers, and mitigation focused construction and preparation.
<b>B10.808.009</b>	General Government	Other general government	Disaster Repair and Restore	Disaster Repair and Restore involves the immediate actions taken to respond to a disaster and the cleanup and restoration activities that take place after a disaster. These actions include, but are not limited to, providing mobile telecommunications, operational support, power generation, search and rescue, and medical life-saving actions. It also involves the cleanup and rebuilding of homes, buildings, roads, environmental resources, or infrastructure that may be damaged due to a disaster.
<b>B10.808.010</b>	General Government	Other general government	Emergency Response	Emergency Response involves the immediate actions taken to respond to a disaster. These actions include, but are not limited to, providing mobile telecommunications, operational support, energy emergency preparedness, power generation, search and rescue, and medical life-saving actions.
<b>B10.808.034</b>	General Government	Other general government	Key Asset and Critical Infrastructure Protection	Key Asset and Critical Infrastructure Protection involves assessing key asset (e.g. bridge, power grid, dam, subways) and critical infrastructure vulnerabilities and taking direct action to mitigate vulnerabilities, enhance security, and ensure continuity and necessary redundancy in government operations and personnel.

<b>B10.808.070</b>	General Government	Other general government	General Purpose Data and Statistics	General Purpose Data and Statistics includes activities performed in providing empirical, numerical, and related data and information pertaining to the current state of the nation in areas such as the economy, labor, weather, international trade, etc.
<b>B10.808.077</b>	General Government	Other general government	Inspection and Auditing	Inspections and Auditing involves the methodical examination and review of regulated activities to ensure compliance with standards for regulated activity. This can include (but does not have to include) Firearms, Explosives, and Controlled Substances inspections and auditing.
<b>B10.808.079</b>	General Government	Other general government	Permits and Licensing	Permits and Licensing involves activities associated with granting, revoking, and the overall management of the documented authority necessary to perform a regulated task or function.
<b>B10.808.113</b>	General Government	Other general government	Public Comment Tracking	Public Comment Tracking involves the activities of soliciting, maintaining, and responding to public comments regarding proposed regulations.
<b>B10.808.115</b>	General Government	Other general government	Rule Publication	Rule Publication includes all activities associated with the publication of a proposed or final rule in the Federal Register and Code of Federal Regulations.
<b>B10.808.129</b>	General Government	Other general government	Reporting and Information	Reporting and Information includes providing financial information, reporting and analysis of financial transactions.
<b>B10.808.176</b>	General Government	Other general government	Legislative Functions	Legislative Functions is defined by the Executive branch processes associated with working with the Legislative Branch (i.e. Congress) except for the Tax Court, the Library of Congress, and the Government Printing Office revolving fund.
<b>B10.808.319</b>	General Government	Other general government	Regulatory Compliance	Activities associated with the direct monitoring and oversight of a specific industry or mission sector participating in a regulated activity including sector specific standard setting/reporting guideline development. Includes activities associated with developing sector specific regulations, policies, and guidance to implement laws to include public comment and tracking, regulatory creation, and rule publication.
<b>B10.808.321</b>	General Government	Other general government	Regulatory Enforcement	Activities associated with the direct enforcement of a specific industry or mission sector participating in a regulated activity using inspections and auditing. Includes activities associated with developing sector specific regulations, policies, and guidance to implement laws to include public comment and tracking, regulatory creation, and rule publication.

<b>B10.808.322</b>	General Government	Other general government	Public Communications Infrastructure	Public Communications Infrastructure includes the management and stewardship of a type of information by the federal government and/or the creation of physical communication infrastructures on behalf of the public in order to facilitate communication. This includes management of the nation's spectrum assets.
<b>B10.808.329</b>	General Government	Other general government	Continuity of Operations	Continuity of Operations involves the activities associated with the identification of critical systems and processes, and the planning and preparation required to ensure that these systems and processes will be available in the event of a catastrophic event and involves the internal actions necessary to develop a plan for resuming operations after a catastrophic event occurs. This can include Contingency Planning, Continuity of Operations and Service Recovery work.
<b>B10.808.330</b>	General Government	Other general government	Legislative Relations	Legislative Relations involves activities aimed at the development, tracking, and amendment of public laws through the legislative branch of the federal government. It includes tracking, testimony, proposal development and congressional liaison operations.
<b>B10.808.337</b>	General Government	Other general government	Credential Issuance and Management	Credential Issuance and Management: the researching, tracking and providing of user access credentials (logical and physicals) and associated security features for the protection of federal information and information systems from unauthorized access, use, disclosure, disruptions, modification, or destruction, as well as the creation and implementation of related security policies, procedures and controls. This includes background checks and related personnel security management services.
<b>B10.808.380</b>	General Government	Other general government	Community Functional Management	Community Functional Management provides cross agency collaboration and management support for the broader community interest in and/or needs for intelligence/ information.
<b>B10.808.381</b>	General Government	Other general government	Community Deployed Resources	Community Deployed Resources are focused on planning and providing deployed personnel and technology resources to the customer base of the enterprise as needed.
<b>B10.808.590</b>	General Government	Other general government	Mapping / Geospatial	Provide for the representation of mapping and geospatial information through the use of attributes such as zip code, country code, elevation, natural features and other spatial measures.

<b>B10.810.315</b>	General Government	Cyber security management	Threat and Vulnerability Management	Threat and Vulnerability Management involves all functions pertaining to the protection of federal information and information systems from unauthorized access, use, disclosure, disruptions, modification, or destruction, as well as the creation and implementation of security policies, procedures and controls. It includes all risk and controls tracking for IT systems.
<b>B10.810.316</b>	General Government	Cyber security management	Continuous Monitoring	Continuous Monitoring includes all activities related to the real-time monitoring of security controls employed within or inherited by a system. (see Appendix G of NIST Special Publication 800-37)
<b>B10.810.317</b>	General Government	Cyber security management	Data Integrity and Privacy Management	Data Integrity and Privacy Management involves the coordination of data collection, storage, dissemination, and destruction as well as managing the policies, guidelines, and standards regarding data management, so that data quality is maintained and information is shared or available in accordance with the law and best practices
<b>B10.810.648</b>	General Government	Cyber security management	Identification and Authentication	Defines the set of capabilities to support the management of permissions for logging onto a computer, application, service, or network; includes user management and role/privilege management. This includes Identification and Authentication for digital signatures
<b>B10.810.650</b>	General Government	Cyber security management	Cryptography	Defines the set of capabilities to support the use and management of ciphers, including encryption and decryption processes, to ensure confidentiality and integrity of data
<b>B10.810.654</b>	General Government	Cyber security management	Incident Response	Defines the set of capabilities to provide active response and remediation to a security incident that has allowed unauthorized access to a government information system
<b>B10.810.655</b>	General Government	Cyber security management	Audit Trail Capture and Analysis	Defines the set of capabilities to support the identification and monitoring of activities within an application, system, or network
<b>B10.810.656</b>	General Government	Cyber security management	Certification and Accreditation	Defines the set of capabilities to support the certification and accreditation (C&A) of federal information systems, as described in NIST SP800-37.

<b>B10.811.325</b>	General Government	Information sharing	Information Discovery	Information Discovery consists of all activities used to obtain information that is not readily obtainable. This includes information that is gathered to gain situational awareness. For example, national air surveillance resources that collect, analyze, and disseminate surveillance information about the national airspace.
<b>B10.811.338</b>	General Government	Information sharing	Enterprise Search	Enterprise Search includes Query capabilities, Precision / Recall Ranking, Classification and Pattern Matching.
<b>B10.811.340</b>	General Government	Information sharing	Collaboration Tools	The Tools or systems that allow multiple parties to interact and share documents or data through a shared work space or environment. Multiple parties contribute or update the shared environment and view, update, edit, & share files. This includes systems such as SharePoint, MAX, Web Conferencing, Cisco TelePresence, etc.)
<b>B10.811.353</b>	General Government	Information sharing	Information Exchange and Transformation	Information Exchange and Transformation – The tools and systems used to search, link, analyze, share and transport information such as reports or critical mission data. Transformation includes the set of capabilities to support the removal of incorrect or unnecessary characters and data from a data source
<b>B10.811.533</b>	General Government	Information sharing	Correspondence Management	Correspondence Management is the set of capabilities used to manage externally initiated and internally initiated communication between an organization and its stakeholders.
<b>B10.811.592</b>	General Government	Information sharing	Data Mining	Defines the set of capabilities to provide for the efficient discovery of non-obvious, valuable patterns and relationships within a large collection of data
<b>B10.811.601</b>	General Government	Information sharing	Data Exchange	Supports the interchange of information between multiple systems and applications; includes verification that transmitted data was received unaltered.
<b>B10.811.603</b>	General Government	Information sharing	Data Warehouse	Defines the set of capabilities to support the archiving and storage of large volumes of data
<b>B10.811.604</b>	General Government	Information sharing	Meta Data Management	Support the maintenance and administration of data that describes data
<b>B10.811.608</b>	General Government	Information sharing	Data Recovery	Defines the set of capabilities to support the restoration and stabilization of data sets to a consistent, desired state
<b>B10.811.673</b>	General Government	Information sharing	Community Management	Defines the set of capabilities to support the administration of online groups that share common interests

<b>B10.811.339</b>	General Government	Information sharing	Information Mapping / Taxonomy / Categorization	Information Mapping/ Taxonomy/ Categorization defines the set of capabilities to support the creation and maintenance of relationships between data entities, naming standards and categorization and allow classification of data and information into specific layers or types to support an organization.
<b>B10.812.576</b>	General Government	Knowledge management	Knowledge Capture	Defines the set of capabilities to facilitate collection of data and information
<b>B10.812.577</b>	General Government	Knowledge management	Knowledge Distribution and Delivery	Defines the set of capabilities to support the transfer of knowledge to the end customer.
<b>B10.813.108</b>	General Government	Support delivery of federal services	Customer Services	Customer Services supports activities associated with providing an agency's customers with information regarding the agency's service offerings and managing the interactions and relationships with those customers, and/or national interest including official information dissemination, service/product outreach, and public relations.
<b>B10.813.120</b>	General Government	Support delivery of federal services	Help Desk Services	Help Desk Services involves the management of a service center to respond to government and contract employees' technical and administrative questions.
<b>B10.813.139</b>	General Government	Support delivery of federal services	Provide and Maintain IT Infrastructure	IT Infrastructure Maintenance involves the planning, design, and maintenance of an IT Infrastructure to effectively support automated needs (i.e. platforms, networks, servers, printers, etc.).
<b>B10.813.263</b>	General Government	Support delivery of federal services	System and Network Monitoring	System and Network Monitoring supports all activities related to the real-time monitoring of systems and networks for optimal performance.
<b>B10.813.314</b>	General Government	Support delivery of federal services	Assistive Technology Services	Assistive Technology Services is composed of hardware and software that help people who are physically or visually impaired, as well as ensuring electronic and information technology is accessible to people with disabilities, including employees and members of the public (i.e. 508 Compliant). This includes developing standards for all electronic and information technology.

<b>B10.813.318</b>	General Government	Support delivery of federal services	Business Analytics	Business analytics includes all forms of data analysis of extremely large, complex data sets (big data) that are manipulated for business (mission) consumption.
<b>B10.813.326</b>	General Government	Support delivery of federal services	IT System Development / Integration Support	IT System Development / Integration Support includes the software services enabling elements of distributed business applications to interoperate and the software development necessary to facilitate such integration. These elements can share function, content, and communications across heterogeneous computing environments.
