**Key to the photographs:**

1. "Agent Orange"

*Coal ash waste at Canadys Station in Canadys, South Carolina.* Last year the EPA cited the Canadys Station plant as a "proven case" of environmental damage.

2. *Coal combustion waste from the Duke Energy plant near Spencer, North Carolina*

3. *Coal combustion waste from Marshall Steam Station near Terrell, North Carolina*

4. *Coal combustion waste storage ponds at Allen Steam Station near Belmont, North Carolina*

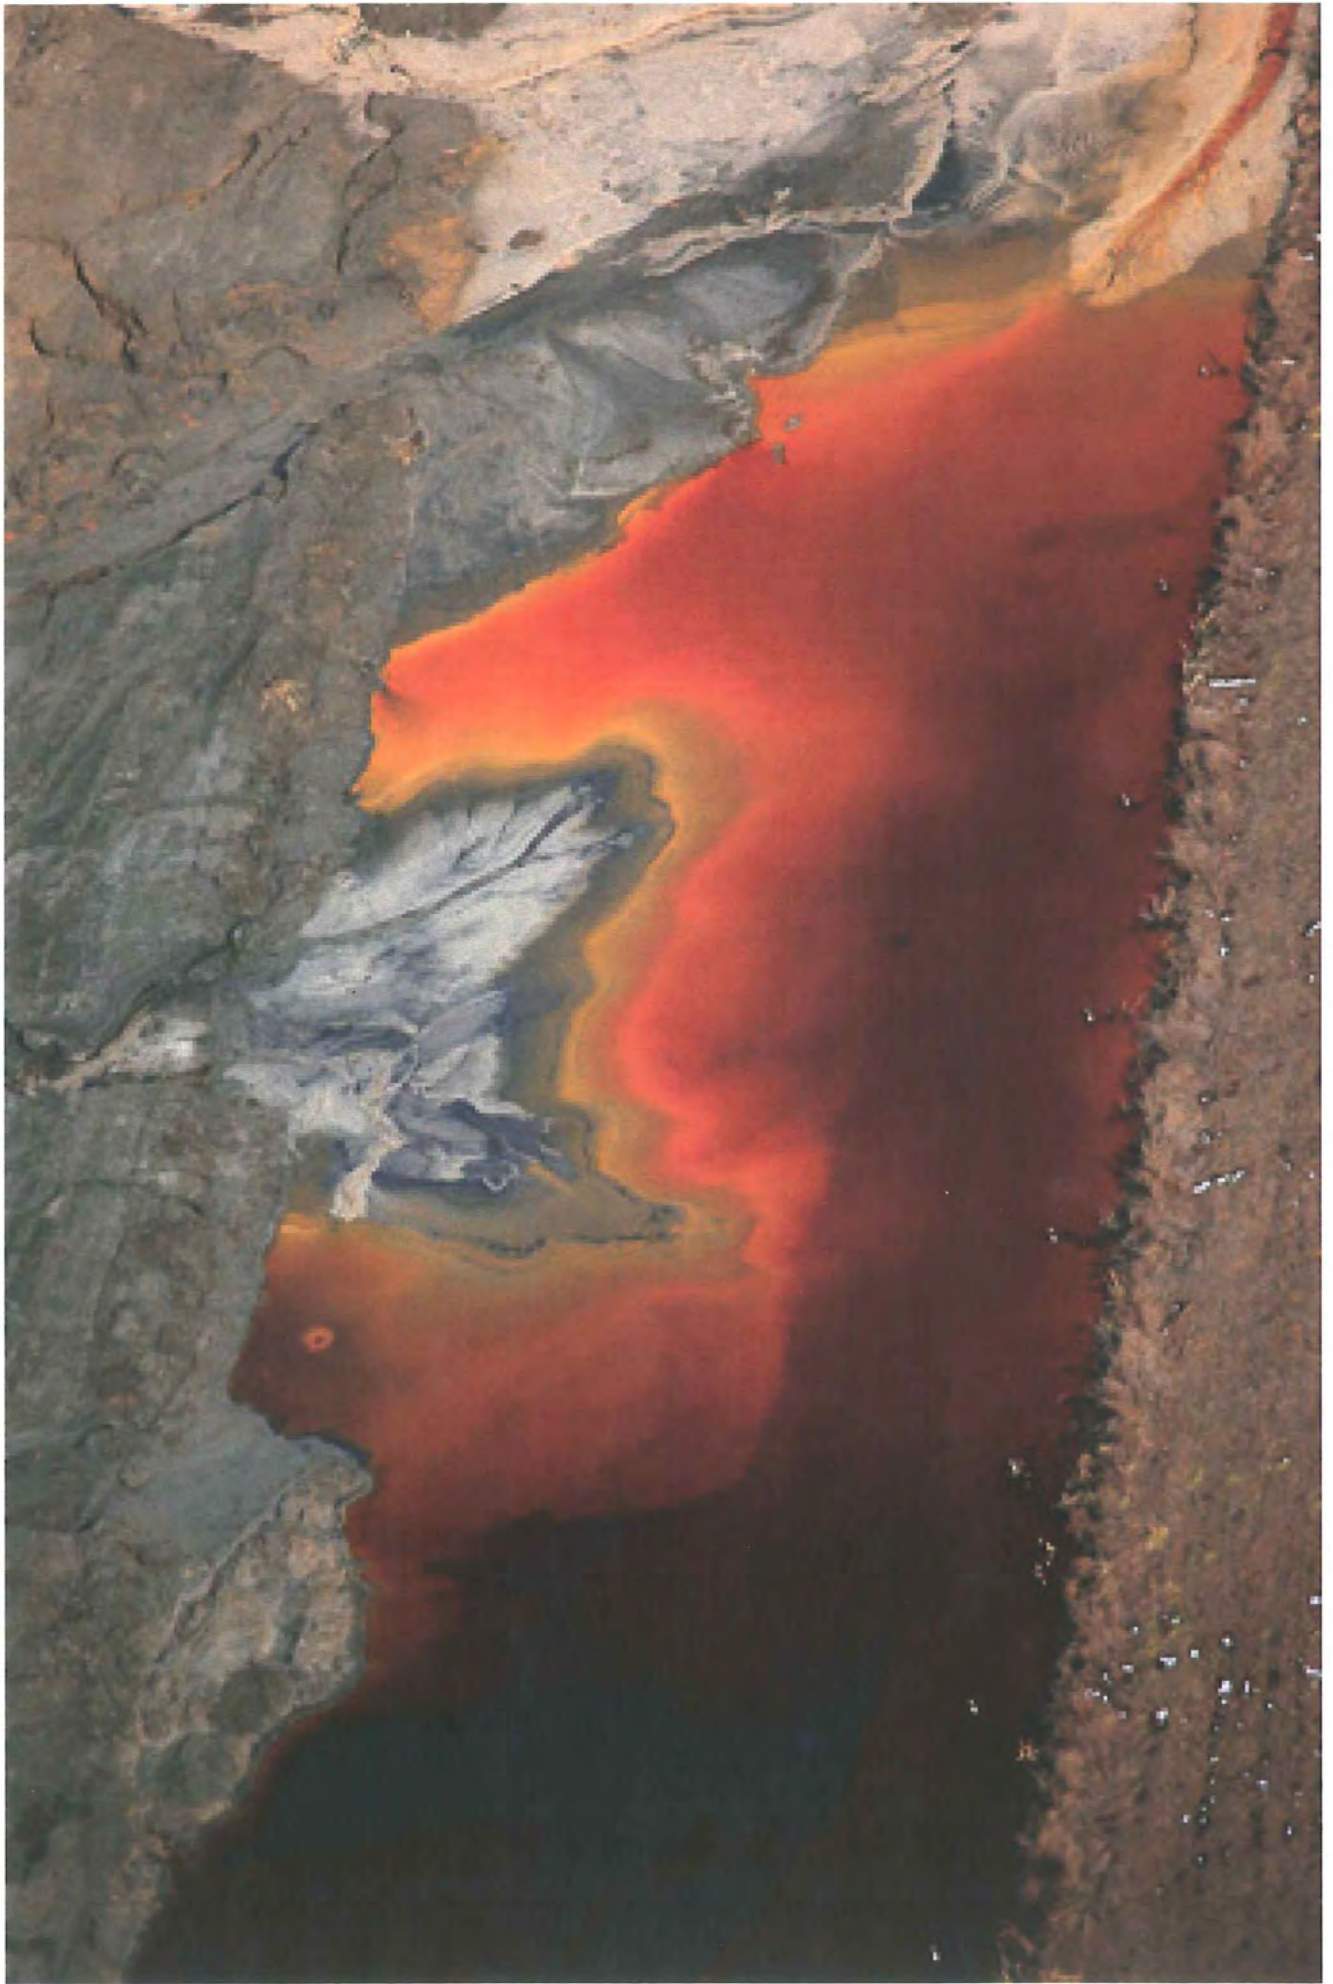

5. "Ashes and Snow"

*Coal ash overburden at coal-fired electricity generating station in Moncks Corner, South Carolina*
