and Community Anti-Drug Coalitions of America’s (CADCA)
National Youth Leadership Initiative (NYLI)

This Cooperative Agreement is for the implementation of CADCA’s NYLI at the National Leadership Forum and the Mid-Year Training Institute; and the development of infrastructure to expand outreach by the NYLI to special youth populations.

**Period of Performance:** June 9, 2014 – December 31, 2014

---

I. **General Information & Purpose:**

The Office of National Drug Control Policy (ONDCP) strongly supports CADCA’s National Youth Leadership Initiative (NYLI) training program. Since 2011, ONDCP has directly provided resources to expand this effective youth leadership training at CADCA’s National Leadership Forum and the Mid-Year Training Institute.

CADCA’s NYLI is building a future workforce of coalition leaders by teaching young people the life skills they need to be effective community change agents. CADCA’s youth-led, adult-guided approach follows the best practices in youth development, empowering young people to be vocal and visible as they work to impact a broad range of public health issues where they live, study, and play.

The Purpose of this Cooperative Agreement is to continue to support NYLI at CADCA’s conferences and to expand support for the NYLI to develop the infrastructure needed to increase the number of youth for targeted special populations (i.e., LGBTQ, Tribal, Military, Hispanic, African-American and Inner City) to receive enhanced training in coalition work and the prevention of youth substance use.

II. **Primary Contacts:**

ONDCP and CADCA will designate and maintain key contacts who will act as primary contact persons for their respective agencies. Either ONDCP or CADCA may designate substitute Key Contacts by providing written notice of such designation to the other party not less than ten business days prior to the change.
